To Whom It May Concern:

We had the pleasure of working with Andy Clementz and his crew at Integritas Systems LLC on a project for the US General Services Administration at the Border Crossing in Pembina, ND. The project consisted of replacing 18 canopy light fixtures and we acted as subcontractor and Integritas as the general contractor.

This was our first experience working with Integritas and we are pleased to offer our highest recommendation. Andy stayed on top of the project from the bid process straight through to the final payment (which we received within two weeks of completion of the job). Andy and his crew are competent, timely and professional and we would not hesitate to work with them again.

Please feel free to contact me at (701) 352.0261 with any questions or to discuss my experience with Integritas in further detail.

Sincerely,

A handwritten signature in blue ink, appearing to read "Ryan Hanson", with a long horizontal flourish extending to the right.

Ryan Hanson, Owner
