

Indian Archery

Indian Archery

... is value archery. Our aim is to provide exceptional value and quality products for bowhunters, institutional programs or novice archers.

This catalog sports a new look with a new product line-up. We hope you'll find a selection of archery tackle uniquely suited to your particular needs.

We'll serve you in other ways, too. Merchandising aids—bow display racks and accessory display stands—are available. A number of archery pamphlets and instructional booklets are yours for the asking. And if you need anything else just write or call. We can help.

Three great values in laminate bows —

Deerslayer

Known by archers everywhere as a matchless deer hunting bow. Great for all kinds of game. Its weight, proportions and overall design make Deerslayer one of the smoothest shooting bows on the market. Here's reserve killing power to make every shot count.

Features rugged, beautiful appearance and superb shooting characteristics. A very attractive value at a very economical price.

Bighorn "R"

Bighorn "R" is an excellent bow for archery instruction. Very popular for camps, schools and other recreational programs. Perfect for target practice, it looks, shoots and feels like a hunting bow.

Bighorn

Indian's most popular hunting bow. Its 58 inches of full working recurve offer smooth, powerful shooting for experienced and beginning hunters alike. Bighorn has all the quality and craftsmanship found in much more expensive bows.

No. 274

No. 274 Deerslayer

Length: 60" A.M.O.
Draw weight at 28": 40 to 55 lbs.

Handle riser: Sculpted imported hardwood with integral stabilizers, contoured design grip and thumb rest.

Limbs: Extra-strength uni-directional fiberglass separated by two precision machined maple laminations.

No. 274

No. 260 Bighorn "R"

Length: 58" A.M.O.
Draw weight at 28": 25 to 35 lbs.

Handle riser: Hand-rubbed maple. Sculpted grip and thumb rest.

Limbs: Same as 258

No. 260

No. 258 Bighorn

Length: 58" A.M.O.
Draw weight at 28": 40 to 50 lbs.

Handle riser: Imported hardwood, hand finished. Sculpted grip and thumb rest.

Limbs: Uni-directional fiberglass separated by two machined maple laminations.

No. 258

New! - Deerslayer II

The extra-value, high-performance take-down bow.

From Indian Archery, an extraordinary take-down bow—the Deerslayer II. This innovative design offers appearance and performance found in the very finest hand-crafted bows. And the price is unbelievably low.

The 60" Deerslayer II features:

Poly molded handle section for super strength.

- Perfect weight distribution.
- Internally stabilized to absorb shock, dampen vibration.
- Comfortably contoured grip, sculpted thumb rest.
- Integrally-molded arrow-plate and rest.
- Fully-enclosed, poly protected steel socket limb inserts with spring steel clip retainers.
- Threaded metal insert for bow accessories.
- True center shot sight window for pinpoint shooting accuracy.
- Gunstock-checked inserts adding bold highlights to natural Woodtone colors.

Full-length, machine-tapered, high-performance Glassflex® limbs.

- Full working recurve—wide limbs for stability.
- A.M.O. length 60" for smooth, stack-free draw.
- Draw weights at 28"—35 to 55 lbs.
- Complementary Woodtone colors for rich, rugged appearance.

For target shooting, small and big-game hunting. For the novice or the expert archer.

No. 200 Deerslayer II
Length: 60" A.M.O.
Draw weight at 28": 35 to 55 lbs.
Handle riser: Poly molded handle. Contoured grip for right-hand shooters only.
Limbs: Solid, machine-tapered fiberglass.
 Available in bulk or display-packaged.

Solid and Take-Down Fiberglass Bows

Indian Archery's Glassflex® bows combine strength and economy of fiberglass with shooting and styling features of top quality laminated bows. Glassflex bows are available in a complete selection of lengths, draw weights, and handle styles. These bows are especially well suited for institutional recreation programs.

Take-Down Bows

Here are fiberglass bows with take-down styling at very modest prices. Take-apart convenience is gaining in popularity. Easy to carry, easy to store, assemble in just a few seconds. For target shooters or hunters, a "first" or a "back-up" bow.

No. 15

No. 11

No. 10

Comanche

Fiberglass, wide-working recurved limbs. Custom-molded, hard rubber handle with sight lines and adjustable sight pins. Shoots smooth and true.

No. 10 Comanche Target Bow
Length: 60" A.M.O.
Draw weight at 28": 25 to 35 lbs.

No. 11 Comanche Hunting Bow
Length: 56" A.M.O.
Draw weight at 28": 40 to 50 lbs.

Olympian

Born out of the United States Olympic Team's gold medal sweep in archery. Red, white and blue styling. Fully tapered, full working recurve for powerful, accurate arrow flight. Sculptured handle riser section and custom thumb rest.

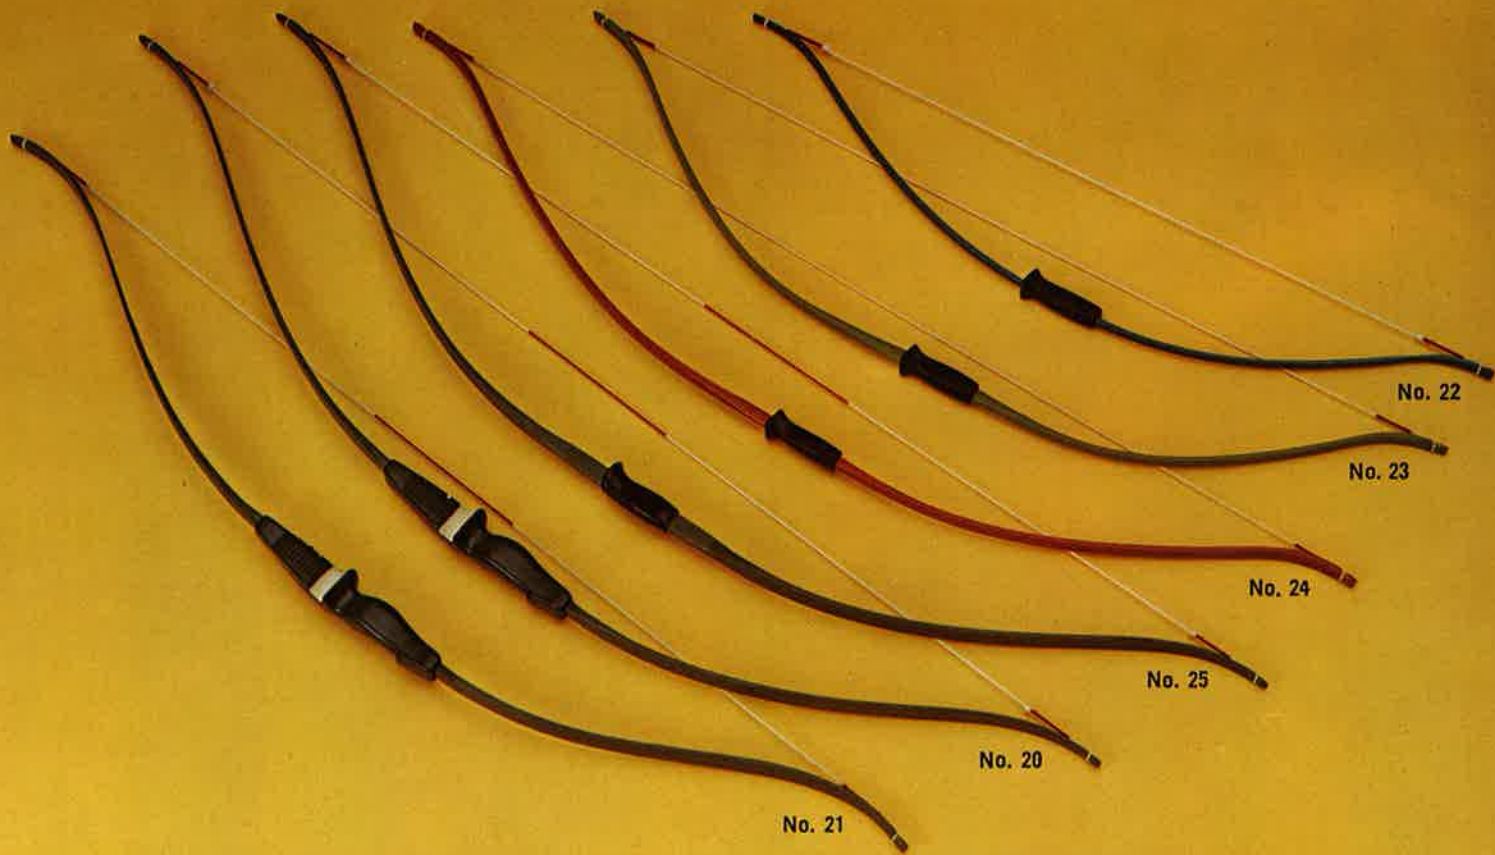

No. 15 Olympian
Length: 60" A.M.O.
Draw weights at 28": 25 to 45 lbs.

No. 777 Take-Down Bow Case

(Not Pictured)
 Quality zippered vinyl case for Comanche and Olympian bows. Straps hold handle and limbs in place.

No. 15

Scout/Hunter

These fine bows feature wide working recurved limbs for excellent shooting characteristics. Custom molded handle riser provides full sight window, built in sight lines, adjustable sight pins and thumb rest. Carpeted arrow rest. Available for right-hand shooters only.

No. 20 Scout
Length: 60" A.M.O.
Draw weight at 28": 25 to 35 lbs.

No. 21 Hunter
Length: 56" A.M.O.
Draw weight at 28": 40 to 50 lbs.

Beginner's Bows

Recurved limbs and molded poly handles. Combination arrow rest to accommodate both right and left-hand shooters.

No.	Length	Draw Weight
22	42"	15 lbs.
23	48"	20 lbs.
24	54"	25 lbs.

No. 25 Intermediate

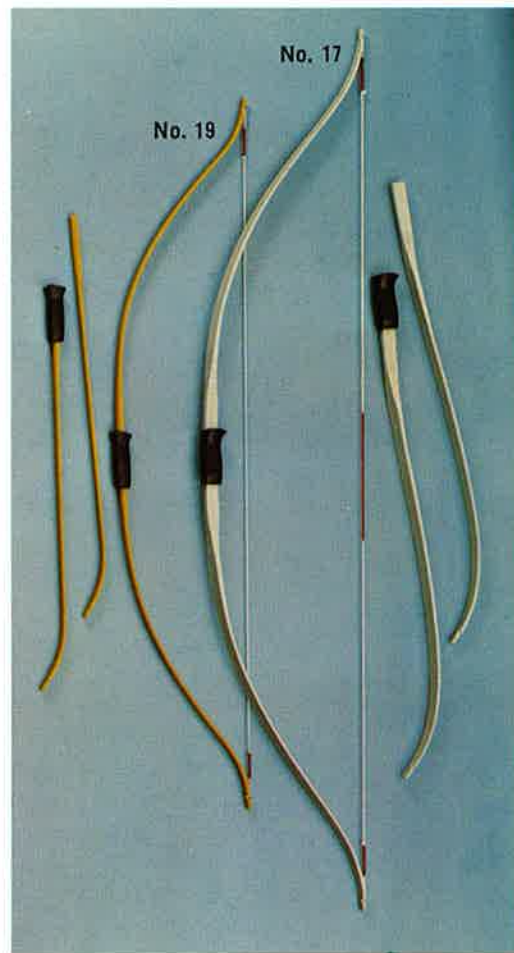

Features wide working limbs with full taper. Full-size molded poly handle with checkered grip. Specify if left-hand bow desired. Length: 60" A.M.O. Draw weight at 28": 20 to 40 lbs.

No. 19 Beginner Take-Down (R/L)

Two-piece take-down design. Similar to the No. 24 solid bow. Length: 54" A.M.O. Draw weight: 25 lbs.

No. 17 Intermediate Take-Down

A compact, smooth-shooting bow. Similar to the No. 25 solid bow. Specify if left-hand bow is desired. Length: 60" A.M.O. Draw weight: 25-30 lbs.

Li'l Indian

Ideal set for youngsters. Includes everything needed to get new archers started.

No. 412 Li'l Indian
48" Glassflex® Bow (R/L)
Draw weight approximately 20 lbs.
Three 20" target arrows

Armguard and tab
Animal target
"ABC's of Archery"

Little Apache

Ever-popular beginner's set. Not a toy, this Little Apache set has helped thousands of boys and girls learn to shoot.

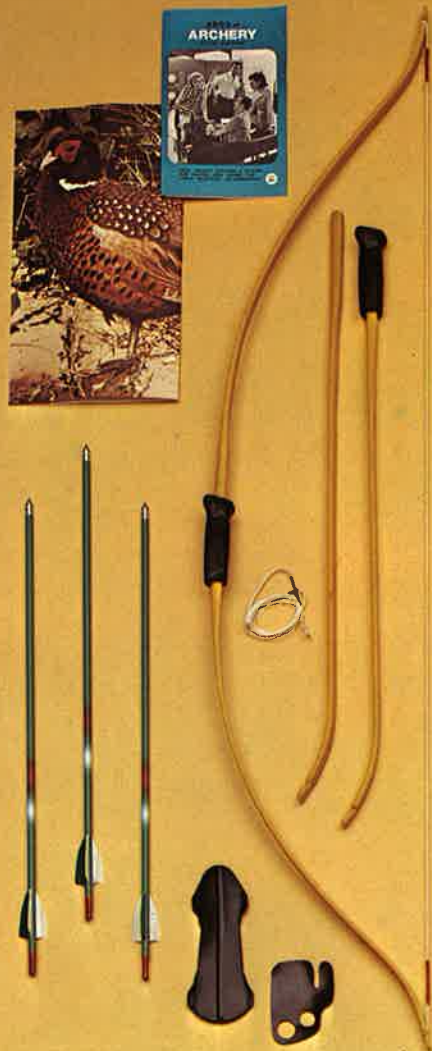

No. 416 Little Apache
42" Glassflex® Bow (R/L)
Draw weight approximately 15 lbs.
Three 20" target arrows

Armguard and tab
Animal target
"ABC's of Archery"

Take-Down Archery Sets

The newest concept in archery sets. Take-down design and convenience will encourage new archers to take up the sport. Bows are easily assembled, easy to take apart and easy to store and carry.

Each of the three sets is attractively and compactly packaged. Excellent values—outstanding display items.

Little Hunter

A complete set for sub-teen archers. Two-piece bow assembles quickly, shoots arrows straight and true to backyard targets. A perfect gift for every little hunter.

- No. 424 Little Hunter
- 54" Glassflex® Take-down bow (R/L)
- 25 lbs. draw weight
- Three 24" target arrows
- Armguard and tab
- Animal target
- "ABC's of Archery"

Big Brave

An intermediate take-down outfit. This full-size, two-piece take-down bow and accessory set is ideal for teen-age recreation. Specify right or left hand.

- No. 425 Big Brave
- 60" Glassflex® Take-down bow
- 25/30 lbs. draw weight
- Four 28" target arrows
- Side quiver with belt loop
- Armguard and tab
- Animal target
- "ABC's of Archery"

Hunter Chief

Indian's finest take-down set. The three-piece take-down bow and complete set of hunting accessories will delight any novice hunter. Right hand only.

- No. 426 Hunter Chief
- 56" Glassflex® Take-down bow
- 45 lbs. draw weight
- Four 28" matched cedar hunting arrows
- Two-blade hunting points, snap nocks
- Bow quiver
- Armguard and tab
- Animal target
- Bowhunter's Guide

Hunting and Field Arrows

No. 74 Alumiflex® Hunting/Field Arrow

Precision engineered and fabricated shafts of anodized aluminum by Easton. Beautiful hand crest and 5½" precision ground fletch complement olive drab color. Change-A-Point system. Available with our patented Bleeder® points, deluxe 4-blade hunting points or 125 grain field points.

½ and 1 dozen quantities.

No. 64 Glassflex® Hunting/Field Arrow

Finest fiberglass shafts. True, straight, perfectly matched and spined. Olive drab color with hand cresting and 5½" fletch. Change-A-Point system. Available with Bleeder® points, deluxe 4-blade hunting points and 125 grain field points.

½ and 1 dozen quantities.

Change-A-Point System

Our 74 and 64 shafts take a special insert which will accept a broadhead adapter or field point. For hunting, attach favorite two, three or four-blade broadheads. Change to field points in seconds. Greatly increases flexibility of each arrow.

No. 57 Custom Cedar Hunting/Field Arrow

Select Port Orford Cedar shaft. Precision ground spiral fletch, handsome multi-crest, olive drab. With Bleeder® points, deluxe 4-blade broadheads or 125 grain field points.

Dozens only.

The Bleeder®

Patented design that assures positive cutting action, produces easy-to-follow blood trail. We believe this to be the ultimate in a hunting point. Trophies bagged with the Bleeder range from moose to mountain lions to deer.

No. 50 Standard Cedar Hunting Arrow

Port Orford Cedar shaft, ideal for average hunters. Triple crested, olive drab. Long hunting fletch. With 2-blade or 3-blade points.

Dozens and 100 packs.

No. 48 Select Field Arrow

Popular cedar field arrow with multi-pinstriped crest.

Dozens and 100 packs.

No. 40 Practice Field Arrow

Moderate price, perfect for practice. Cedar shafts, double spray crest, random colors.

Dozens and 100 packs.

No. 48—specify 40-49 or 50-60 lbs., 28" or 30" length and quantity.

No. 50—specify point, 40-49 or 50-60 lbs., and quantity. 28" length only.

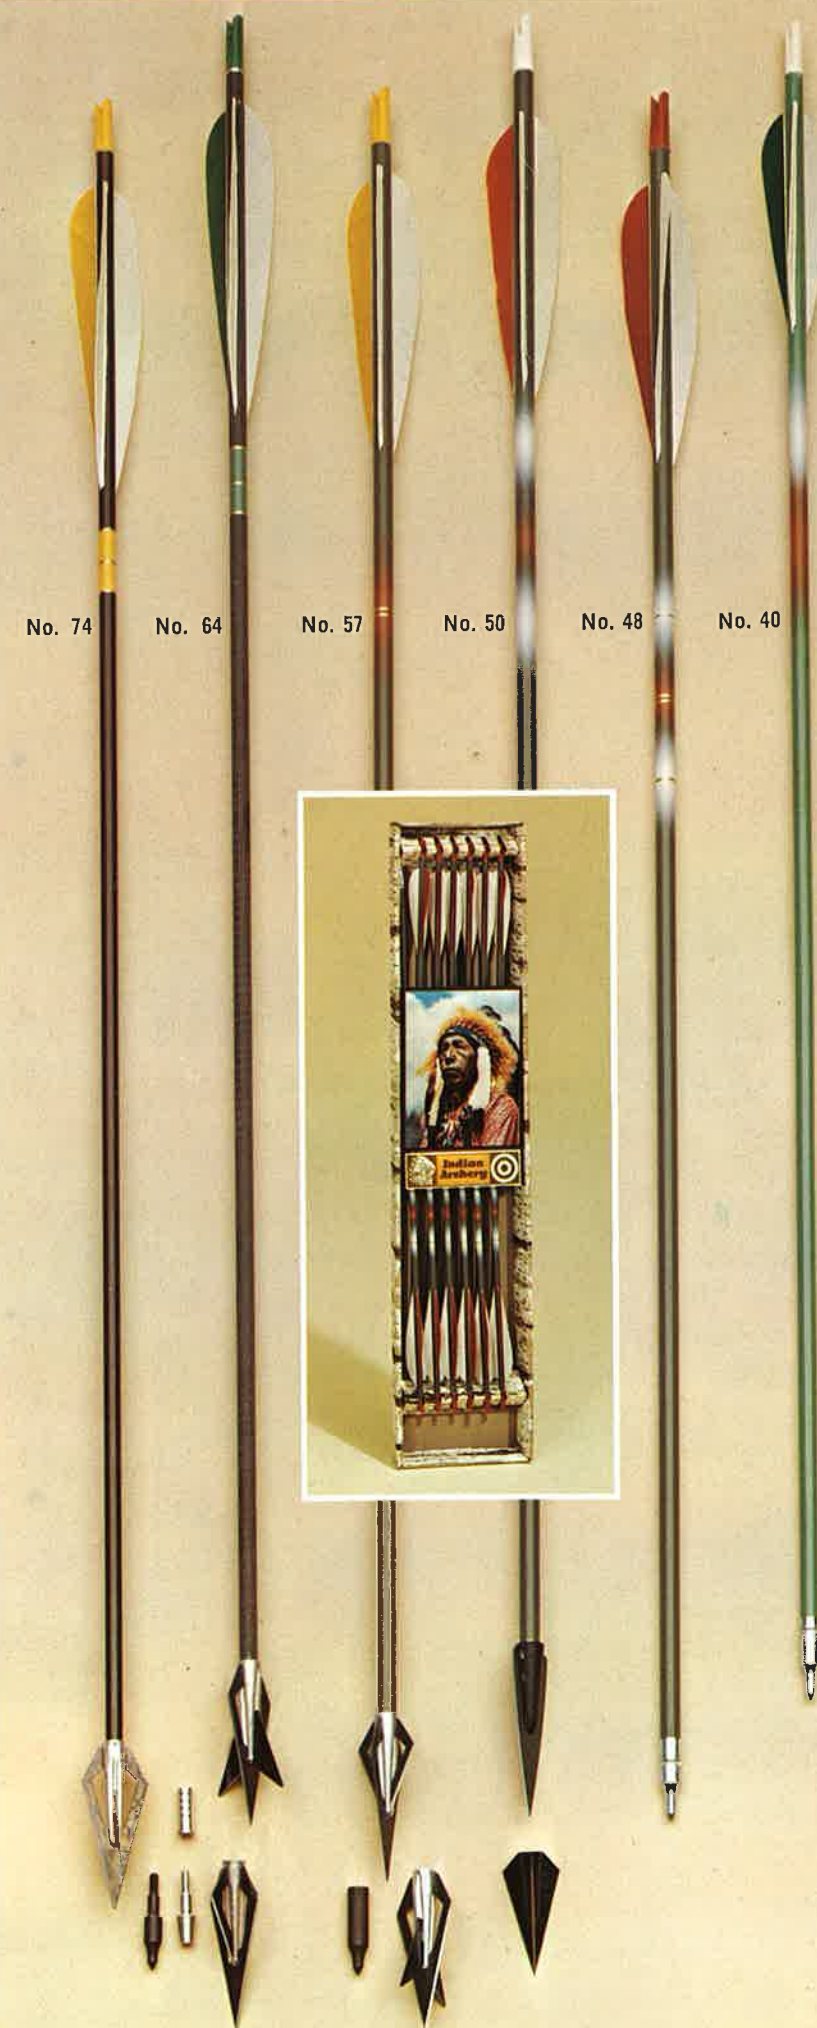

No. 40—28" length only. Specify quantity.

All arrows with snap nocks.

Combination hunting/field arrows are also available without points and/or full-length.

See your price list for complete identification number.

Arrow orders are shipped in our birchbark display packs. (See inset picture at right.)

Target Arrows

No. 70 Alumiflex® Target Arrow

Finest aluminum target shaft by Easton. Multi-colored, hand crest and 4" spiral fletch. Dozens only.

No. 60 Glassflex® Target Arrow

Our top-quality fiberglass shaft. Distinctive multi-crest and 4" spiral fletch. Dozens only.

No. 36 Custom Target Arrow

Select Port Orford Cedar shaft. Multi-crested with 4" fletch. Dozens only.

No. 37 Select Target Arrow

Port Orford Cedar shaft. Triple-crested, ground die-cut fletching. High gloss lacquer finish in attractive colors. Dozens and 100 packs.

No. 38 Standard Target Arrow

Our most popular cedar target arrow. Triple spray crest with 3" ground feathers. Dozens and 100 packs.

No. 30 Practice Target Arrow

The budget-priced arrow for high volume sales. Double-crested, lacquered shafts with 2½" fletching. 100 and 200 packs.

Ordering Target Arrows

No. 505

TARGET MATS

Popular, durable targets of densely compressed straw, covered with mattress-tufted poly burlap. The 24" mat is ideal for family archery. The 36" and 48" mats are especially economical for institutional use. Order target faces separately.

- No. 500 24" diameter mat. 4" thick. 12 lbs. Freight allowance under regular program.
- No. 501 36" diameter mat. 5" thick. 30 lbs. F.O.B. Evansville.
- No. 502 48" diameter mat. 6" thick. 55 lbs. F.O.B. Evansville.

FEATHER-LITE™ TARGETS

Revolutionary lightweight, poly foam targets. Ideal for every target requirement.

- Easily carried, even by youngsters.
- Weather resistant.
- No mess, no straw, no shavings.
- Deluxe skirted glasscloth target face included.
- Freight allowance under regular program.

- No. 510 40" diameter. 13 lbs.
- No. 505 48" diameter. 24 lbs.

Target Faces

GLASSFLEX® TARGET FACES

A breakthrough in long-lasting target faces. Constructed of man-made, randomly spun, waterproof fiber fabric. Printed with special water and fade-proof inks. Penetrating arrows simply force fibers aside. No tearing. Easily scored by lighter bows, too.

These faces will save costs—wear five times as long as other targets.

- No. 525 36-40" Slip-on Glassflex® Face
- No. 527 48" Slip-on Glassflex® Face

GLASSCLOTH® TARGET FACES

Obsoletes oilcloth. Made of poly spun fibers bonded together under heat and pressure. Long-lasting, weather-resistant.

Square: Not pictured.
