New Tampa Matters!

***You Will Elect Your Next City Council Representative on Nov. 8th
And The Next President May Be Determined By Your Vote Too!***

The election starts this month! Mail-in ballots will arrive this week and early voting begins Oct. 24th. It's decision time! And, New Tampa is front and center in the national election.

A Sept. 18 New York Times article stated, "Florida is a bellwether for the nation" and "As goes Hillsborough County, so goes Florida" and "An epicenter of swing voters is the explosively growing New Tampa." Yes, there it is in writing. New Tampa could decide this year's presidential election!

However, there is another very important election this November 8th... the election of the Tampa City Council Member who will represent New Tampa. And, it is a certainty that you will determine that outcome. So, I want to thank you for taking the time to read about me and I would be honored if you elect me to be your representative in City Council.

Responsive Government

Driven by the principle that the mission of your government is determined by you and your fellow citizens.
