

G12J11 Artesian

NEWG12J11-3220A E-Z Refuge

G12J11-A (Conv.)

Brands Available:

TOP YIELD WITH AGRISURE ARTESIAN TECHNOLOGY FOR **CENTRAL AND EASTERN CORN BELT**

G12J11-3111A

Agrisure Artesian maximizes yield when it rains and increases yield when it doesn't

- Maximizes yield when it rains; increases yield when it doesn't
- Strong emergence and seedling vigor for early planting
- Proven performance

💋 GoldenHarvest Corr

Ratings are based on interpretation of data gathered by Syngenta and/or observations across areas of adaptation and may change as additional data are gathered.

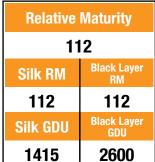

1-9 Scale: 1 = Best, Tallest or Highest; 9 = Worst, Shortest or Lowest; (-) = Not Available, NA = Not Applicable. Icon Scale: *Best Choice Good Choice / Average to Slightly Below Average X Not Recommended *Rating represents an assessment of stand establishment, chlorosis severity and yield performance ** Indicates whether hybrid contains multiple agronomic phenotypic traits deemed important for continuous corn systems

IBERTY Seed products with the LibertyLink® (LL) trait are resistant to the herbicide glutosinate ammonium, an alternative to yphotosite in com, and combine high-yielding genetics with the powerful, non-selective, postemergent weed control of Liberty® herbicide for optimum yield and excellent weed control.
