## OUR MISSION

Provide urban youth the opportunity to play the world's most popular sport regardless of prior experience or economic means; and use soccer as a tool to connect and strengthen our diverse community.

## OUR BELIEFS

We believe in the power of divergent and disconnected communities coming together in safe spaces for cross-cultural connectivity to foster love and respect. Our country needs more opportunities for different racial, ethnic and socioeconomic groups to meet, connect, and learn to respect each other. Our organization has done this since 2008, and we look forward to remaining a pillar in our communities for generations to come.

## WHY SES IS UNIQUE:

The typical financial investment for youth soccer is simply not possible for many families in the communities served by SES. SES offers free programming to eliminate that barrier and create a culture in youth sports that is both competitive and inclusive.
