

Summer Village of Yellowstone

Policy #3-2015 – Driveway Culvert Policy

Policy Statement

The Summer Village of Yellowstone will supply a standard 12” x 20’ culvert for one primary residential driveway approach.

Reason for Policy

The Summer Village of Yellowstone requires proper and adequate drainage throughout the ditching system in the Summer Village. Each residential driveway is required to have a proper culvert installed to aid in the removal of water away from their property.

Responsibilities

Private property owners are responsible for the hiring of a contractor, for the Alberta First call and for all associated installation costs.

Policy Notes

-Requests for the purchase of replacement culverts and/or culverts for additional approaches or extensions to existing approaches must be made in writing to Council and will be authorized at Council’s discretion.

-Requests for the Municipality to cost-share in ditching/drainage work and/or the installation of a culvert must be made in writing to Council and will be authorized at Council’s discretion.

Date Approved: November 20, 2015
