Wireless Vox Mic/Straight Stand

MONITORS: Lead Vox, Lead Gtr, Rhythm Gtr, and Bass use In-Ear Monitors with (4) SHURE PSM 300 transmitter/receiver systems bundled. The four units will require to be patched to the house monitor feed.

Shure units will run mono but are stereo capable. When available, self-mixing IEM's is preferred.

Entire band is a direct input to FOH, with the exception of the drum kit.

If video screens are available, please advise, visual files are available.

IMPORTANT: For production questions please call or text Mano at
(562) 209-7657 or lyignr@yahoo.com. Text is preferred.
