Proudly Servicing
Sun City, Sun City West, Sun City Grand, and the
Northwest Valley

Servicing the Heart of All Sun Cities

Home Town Service

We are a family owned and operated business with over 20 years experience in the residential HVAC service industry. Our mission is to achieve excellence in service, repair and quality installations throughout every community we service, with a goal of 100% customer satisfaction. We are committed to providing superior, prompt and professional service at an affordable price.

The Grand Air family are third generation natives to the Valley of the Sun. We understand how extreme the Arizona climate can be and can help prepare your heating and cooling systems to function properly during the hot summer months and all year round. We are dedicated to servicing the Sun City areas and want to be your hometown A/C company.

When you need help with your heating and cooling systems, call on Grand Air, servicing the heart of all Sun Cities!

What Our Customers Are Saying

Over my 66 years, I've never hired a contractor who was as honest and knowledgeable about air and heat as Mr. Rees at Grand Air. After checking my heat pump for a problem, Mr. Rees explained that what I thought was a malfunction in my unit was actually normal operation which occurs during freezing temperatures. Two years ago I called a major Phoenix air-conditioning company which charged me \$400 for the same problem. Mr. Rees charged just for a simple service call.
