Program Overview

The Train-the-Trainer course was designed to qualify individuals to effectively design and lead accredited training courses and programs. The objective of the training is to provide participants with sufficient understanding, knowledge, and skills needed to successfully deploy, and execute highly effective training programs in which they are providing instruction. The program utilizes the latest teaching methodologies, practices, and techniques as well as practical application in this course to ensure both Prospective and Approved Providers leave with the required knowledge and practical application skills to ensure they are utilizing effective training techniques, meeting the ANSI/IACET 1-2013 Standard for Continuing Education and Training.

Upon completion, you will receive a certification with a unique registration number issued by Wollam Groups, LLC. and be listed in the Industry Registered Professional Network™.

Instructor Biography

Bryan Wollam

Bryan Wollam is the founder and CEO of Wollam Groups, LLC.. He has three college degrees and holds industry recognized certifications in the areas of business management, quality, occupational health and safety, environmental, reliability and risk management. His education and credentials are backed by more than 20 years of industry and management experience. He has served in leadership positions for Halliburton and Weatherford and has worked closely with the International, National and State Owned Oil companies, service providers, API, COS and BESSE over his career. He is an industry expert sought out by operators and service providers around the world to help with solutions to some of the industry's toughest challenges.

James McConnell

James McConnell has a Bachelor Degree in Education and a Masters in Curriculum Development. His education is backed by 19 years of experience in the Education Industry in executive leadership positions. This is further supported by an extensive six month Petroleum Leadership Internship program, where he worked with International, National and State Owned Oil Companies, Service Providers and Drilling Contractors. He is one of our Master Educators and helps to train our instructors at both the public and university level. He has a responsibility to develop the training and facilitating skills of our Industry subject matter experts.

Mahammad Aloudat

Mahammad Aloudat holds a Ph.D. in Industrial Engineering, which is backed by more than two decades of experience in leadership position in the Petroleum and Natural Gas Industry. Mike is an University Professor and is a qualified and accredited trainer for all of Wollam Group's training programs. In addition, he has more than decade of auditing experience and works with our university and community college partners on educational and certification programs.
