

Superior Training from TYMCO

We want you to understand the Regenerative Air System and your TYMCO sweeper completely, so you can get optimal performance from your equipment investment. That's why, for more than twenty-five years, we've offered two-day scheduled training schools at our facility in Waco, Texas. Owners, managers, operators and mechanics get hands-on training and answers to specific questions. Enrollment levels are kept low, so you and your team will get personal attention as well as the opportunity to learn from the experiences of other attendees through the interaction of the class.

Model 600 Illustration

When your operators and mechanics are thoroughly trained and knowledgeable about the TYMCO sweeper, you get better performance and a lower cost per operating hour.

- TYMCO offers full two-day schools
- Choose from over 30 schools scheduled per year
- Yearly class schedules and class agendas are available
- Learn through demonstrations on an operational sweeper
- Special schools arranged for large groups
- Register to attend on our web site

Specifically designed for training, our 3500 square foot, temperature controlled facility provides ample space for demonstrations on an operational sweeper and systems components. We also provide daily ground transportation from the hotel to our training facility, and lunch is on us.

Model 435®

MADE IN WACO, TEXAS **USA**

THE STATE OF THE ART - FROM THE PEOPLE WHO **INVENTED** REGENERATIVE AIR SWEEPING!

DESIGNED with both the **CONTRACTOR** and **MUNICIPALITY** in MIND, the **TYMCO Model 435** gives you . . .

STANDARD FEATURES:

- Large 4.0 cubic yard, heavy duty, steel hopper increases sweeping time.
- 72 inch dump height enables dumping into various size containers.
- Patented centrifugal dust separator keeps the fines and dust inside the hopper without exhausting air back into the atmosphere. There are no filters or baffles to clean or replace.
- Streamlined side panels help reduce noise and swing open for easy access to auxiliary engine.
- Heavy duty Isuzu 17,950 lb. GVW chassis. (Can be equipped with optional dual steering for right curb-side view)
- Front and rear locking storage areas give you a combined 80 cubic foot of protected space.
- Large hydraulically operated dump door allows for easy discharge and cleaning.
- Patented TYMCO gutter broom with floodlight and parabolic mirror.
- Time tested, heavy duty 78 inch inside width / 82 inch outside width, pick-up head.
- Inside the cab, illuminated sweeper controls.
- Turbo charged auxiliary engine.
- 150 gallon water capacity.

- **Superior Performance**
- **Maneuverability**
- **Operability**
- **Ease of Maintenance**
- **TYMCO Reliability**
