

Authors @ Work

Artist/Illustrator, Karna Peck (Karna Peck Originals) & Publisher, Sheri Hauser (Glorybound Publishing) brings you:

Do you need art for your book? We can help. We have compiled a bank of talented professional artists who are eager to work for you.

Glorybound Publishing and Karna Peck Originals have combined to enable authors and artists to provide quality books. If you want REAL art in your book, then this is for you!

What Artists @ Work will do for you:

- Have an option of selecting a professional artist for your book art.
- Be presented with all of the art along the way.
- Get your book done in a timely fashion.
- Own the copyright for all of the art.
- Cost contained by Artist @ Work program parameters.

How do I get started?

- Contact Sheri Hauser for more information. Ph 928-600-4675
 - Sign up on line at www.gloryboundpublishing.com
-

How the Program Works

1. Meet with the Publisher at Glorybound for Publishing Market Consultation.
*Review options for publishing, printing, sales, marketing, etc.
2. Decide to have Glorybound assist with the publishing of your book. You keep all of the royalty when you publish with us!
3. Edit manuscript and decide where pictures are needed. *Additional charge for formatting book.*
4. Review Artist Portfolios to select an artist which matches the desire you have for your book. You are not limited to one artist, but may select more than one.
5. Contract with the Artist through Artist @ Work program to do illustrations for the book.
6. Artist will do Thumb Print Sketches of the entire book as the pages have been specified in your design (with the Publisher).
7. Approve of the Thumb Print Sketches. It is important the artist portrays the book appropriately. At any time during the entire process, the author may release the artist (fire him/her) if the author feels the book is not being portrayed appropriately.

8. Once the author approves of the sketches, then the artist will continue to make full size illustrations one at a time. Each Illustration must be approved prior to doing the next one.
9. Each illustration will be completed within two days and the author must provide notification to the artist to continue doing the art for the following page of the book.

Specifics of the Program

The initial Thumb Print Sketches will cost 100.00
Each piece is 100.00 and payable at the completion of the piece. Artists are contracted for 7 pieces, total and one is used for the cover of the book. If the author does not approve of one of the pieces, he/she may request the artist to re-do that piece. There is one re-do included in the basic book package. Additional re-do's may be purchased for 100.00. Entire cost is 800 for original art!

Author signs off the copyright to the art, but still holds recognition for the pieces. He/she will have their signature on each piece of art and on the front of the book as an artist, but will not receive any monetary gain from the sale of the book. All of the original pieces will become the property of the author because he/she purchases them.

At any time, the author may opt to fire the artist and may opt to select a different artist. The author is an employer of the artist through the Artist@Work program. KPO will oversee the artist and Glorybound will oversee the author to ensure positive outcome and a great book!
