Fundraiser Info

Guidelines

1. Pick a date (*a Monday or Tuesday*) and schedule your fundraiser with an employee.
2. If you'd like, we can e-mail a PDF flyer to promote. The flyer is not needed the day of the fundraiser. As long as you mention who it's for, the sale will count towards the fundraiser.
3. Spread the word about the fundraiser via e-mail by attaching the PDF flyer to the text, by word of mouth, or by printing the flyers out and distributing them to family, friends, co-workers, etc... ***In order to receive credit for the purchase, the fundraiser must be mentioned to the cashier before paying so that we can print a receipt to be tallied at the end of the night.**
4. All marketing should be done off-site, and prior to the scheduled fundraiser day. There can be **no passing out flyers outside the restaurant, and no solicitation of regular customers on the day of the fundraiser.**
5. At the end of the day, the total sales (before tax) will be tallied up from all of the fundraiser receipts, and a check for 20% will be made out to your organization.
6. The check must be payable to a company or organization. Checks cannot be made out to an individual person. Checks can be picked up the following day.
