Re: Weekly Information for April 10, 2017

Wow! We were so fortunate the weather held out with sunny skies until the last part of the Spring Fling! We enjoyed perfect conditions for the Fun Run, egg hunts and games until the clouds rolled in around 1 pm. But what a fun day we had! ***We extend our deepest gratitude to everyone who contributed through so many diverse ways.*** We can't put on a fundraiser of this magnitude without every family's contributions. It was a very successful event and set new records! The PTO welcomes your feedback and will be providing wrap up details soon.

With the continuing predictably unpredictable Montana spring weather, please continue to provide snow pants, waterproof boots, hats and gloves. If you would like to leave any of these items at school, please feel free to do so. Would you also please check your child's extra clothes bin? Many are missing complete sets of clothes and with this soggy weather, we often need them. Thanks!

Weather will be our featured topic for our short week. Let's learn about clouds, wind, tornados, hurricanes, temperatures and some of the measurements we hear meteorologists talk about in their daily forecasts!

Dates to note this week:

- Monday, April 10 is **MacKenzie River Pizza Night**. Please see the coupon from the PTO and additional copies will be available in the sign-in book.
- Wednesday, April 12 there is **NO swim class**. Lessons will resume after the Easter break. It **WILL** be a **library day** for the five and six year olds. Please bring books to be returned.
- Thursday, April 13 through Monday, April 17 there is **NO SCHOOL**. School resumes on Tuesday, April 18. Have a safe and wonderful spring break!
