The possibilities are endless! Nature is amazing & inspiring & awesome! This month we will go crazy working with items found in nature. We are going to do a little drawing, some painting and lots of building.

Crazy Critter Drawing. Wood Diorama. Mandala. Canvas Creation.

June 19 - 22 OR June 26 - 29

JULY: MIXED MEDIA MADNESS

This is going to be an obnoxious camp! Way out of control. The building we are going to be doing just wow! We will be creating all sorts of dimensional pieces; some that sit, some that hang and all will be awe inspiring! We will be using all the good stuff at the studio to build!

Block Heads. Mosaic Boards. Relief Frame Assemblage. Mobile.

AUGUST: BOXES as ART

Some of these boxes will be perfect to hold trinkets. Some of these boxes will be a vessel for creating a multi-dimensional piece of artwork. This is going to be a unique camp with completely unique creations. We will be using boxes, instead of canvas, as our base building platform.

Boxed Animals. Cigar Box Assemblage. Decoupage.
