

Teachers Talking Tech Mini-Conference!

Where: Student Conference Center, Room 201
Highland Community College, Freeport, IL

When: January 25, 2019

Time: 9:00-2:30

Cost: \$50 with Lunch provided

Target Audience: Instructional Tech Coaches, Classroom Teachers, Admins, & IT Staff

Join us for a day of learning about instructional technology for teachers by teachers. ROE 8 and the Learning Technology Center of Illinois are happy to host the first ever **Teachers Talking Tech** mini-conference. On Friday, January 25th, educators are invited to attend a mini-conference focused on providing teachers with new and engaging ways to bring technology into their classrooms. The day will be structured with multiple topics, sure to appeal to teachers of all grade levels. All sessions are presented by teachers who have been in the classroom applying the strategies and tools they are presenting on. Come and learn from local educators on how they are changing the way students learn in the classroom!
