Welcome to the 2020 edition of the Vollmer Angus Ranch Bull Sale!

Welcome to the 43rd Annual Vollmer Angus Ranch Bull Sale! Wow, 43 years is a long time to be in the bull selling business and I sincerely want to thank everyone who has purchased, attended, and supported all our previous sales. This is only possible due to your tremendous support!

Normally a person might use this opportunity to reflect on the past year in this space. Well this past year was an interesting and challenging one and this current one is shaping up to be even more historic. I think that is more than enough reflection.....

The bulls are an impressive group from beginning to end. They offer as much genetic and phenotypic quality and variation as any group we have assembled. We are constantly culling the bulls for traits that can be measured and those that are simply observed. Disposition, foot quality, structure, fleshing ease and overall quality are evaluated daily. By the time the catalog is put together only the top 50% of the eligible bulls remain to be offered to the public in this sale. The fall out is in the feedlot awaiting a different life destiny.

Sire selection is something I put a tremendous amount of time and research into. But our cowherd is also heavily culled for all traits. In order for a cow to produce a top bull she needs to be backed with strong individual data, be of high phenotypic quality, fertile and sound, have abundant milk with proper udder structure and design, be able to survive and thrive on grass, and be maintenance free. That is all we ask of our mother cows who produce progeny for this event!

As always, the bulls are fully guaranteed and if you have any questions be sure and contact me, either by phone, text or email. I will enjoy the opportunity to visit and talk about the offering and any specific needs or requirements you may have. The bulls are available for viewing any time. They are lot tagged and sorted in three separate pens for ease of viewing. Feel free to stop in anytime.

Thanks again for all your past and continued support!

Troy Vollmer

Hope to see you on Sale Day!

About the Bulls

They received no creep feed and an extremely wet summer and fall left our grass not near as productive as typical. We also received a significant snowstorm in early October. The bulls were weaned on October 23 and all these events led to lighter than normal weaning weights. The bulls have responded very well since then.

We still developed them on a moderate ration of home-grown feedstuffs to insure their longevity. They are ready to go to work!

About Genomics

We have included the genomic percentile ranks of all the bulls in the back of the sale catalog. Most cases, the higher the rank the better. But for instance, if you wanted to moderate mature size than a lower ranking would be more ideal for that scenario. It is a wealth of information that you may (or may not) find useful. The rankings are established by a comparison of all the bulls in the breed that have had a genomic test. The rankings are then formulated into their EPD's, giving a much more accurate data base of how the bull will perform as a sire.

Eager was our pick from the Baldrige Bros sale in Nebraska where he and his flush brother, Alternative were the popular and high selling bulls of that event. Eager's dam is one of the best cows, not only in their program, but in the entire breed. With his first calf crop he has proven himself as a true breeding bull. He makes them moderate, deep and thick, with outstanding feet. The calving ease is real, they come easy with excellent vigor, with several of these bulls being out of first calf heifers. They are proving themselves to be easy fleshing type of cattle in both the bull and replacement heifer pen. Eager also has tremendous fertility. He would produce 150-200 units of high quality semen per collection at 13 months of age. We have retained all his heifer calves for replacements as we are very excited about their potential.

Ashland was chosen for use in our AI and ET program for his proven and outstanding total EPD package. We have calved several first calf heifers to him the last two years with great results. They are born small with excellent vigor and really develop into high performing cattle quickly. I really appreciate all the attributes this sire group possesses. From calving ease, to maternal, to performance, to carcass, to phenotypic quality, this group has it. Ashland has been one of Genex's most popular and highly used sires over the last year.

Our selection from Gardiner Angus of Kansas. This Sure Fire son I have dubbed Sure Cold 'cause if you move here from Kansas, you are Surely to be Cold! Sure Cold has exceeded all of our expectations. He was highly recommended to me before the sale and his exceptional number package was easy to see but his phenotypic presence is truly impressive. This sire group is loaded with quality, added length, added performance and structural integrity. And then when you factor in the extreme docility, large scrotals, top maternal, and exceptional carcass, it's clear that these bulls have a lot to offer a breeding program.

Statement was a bull that I wanted to use in our program for his added performance, muscle expression and structural composition. I felt that he could offer a lot of things that are hard to find in a breeding bull and he delivered. This sire group is full of performance, muscle, growth and power. Although he is not a calving ease sire he works great on mature cows and those cows really delivered some powerful Angus bulls represented in this sire group. The daughters are easy fleshing and broody and look to have a lot of promise as brood cows.

Road Trip was purchased from Bushs in South Dakota and has done an excellent job for our program. His progeny are extremely docile, correct, and have that extra length of spine. Road Trip daughters calving this spring are some of my favorites. Excellent disposition, excellent mothers, excellent udder quality, excellent calves!! Simply put they are Excellent! Road Trip also sired out top selling bull last year who sold to the highly respected Arntzen Angus of Hilger, MT.

Outfit was the past high selling bull at Krebs Ranch where he was purchased by us and a leading group of breeders including Hoffmann Angus, Frey Angus and Malson Angus. Outfit has produced top progeny for all our programs, including top selling females and bulls. Outfit had several sons in Frey's very popular Denver carload, including the \$50,000 top seller. Heifer calves by Outfit were also in high demand last fall for Hoffmann's and us. His dam was one of the high selling and featured females at the Krebs Ranch dispersion. These bulls are very correct with added muscle expression and excellent feet.

Sending steers to be finished in Nebraska. We are committed to gathering real live carcass data on our cattle. Now about those markets.....

Bull videos available at vollmerangus.com or DVauction.com.

Haley sure hopes that Graduation will be held this May. She is headed to college and we are really going to miss her and her involvement in VAR.

So grateful for the feed.
Nothing like fresh straw and warm sunshine!

Turkey Trot—Whether we ran, walked fast, or walked a little slower...we all finished! Then we ate Turkey!

Congrats to Craig Maley for receiving the NHSRA man of the Year Award! Cap looks good on you!

Bev loves to go Trailriding with her buddies. The ranch lets her borrow some nice horses.

Listen to your Mom.

The stories never end.

There's one in every family!

Clayton gets his first wrestling championship.

Callie loves Barrels and Poles and spends hours practicing.

The Fair is definitely one of AJ's favorite places to be.

Haley qualified to compete in Breakaway and Cow Reining at the National NHSRA Finals.

Stella says that sometimes a good nap is just what is needed.

A shout out to Grandson Derrek Heins and his family. He is deployed to Afghanistan for 12 more months. We appreciate prayers for a safe tour of duty.

Haley at the NSHRAA Finals – Always a ready smile.

The Little I Tradition continues.
