WOMEN & CHILDREN

Denmark

Meet Salma, a young artisan residing in Abdullah Ghoto Village in Thatta, located in the province of Sindh.

Salma enrolled herself in the **#Art** and **#Craft** designing workshops for local **#artisans** organised by **Community World Service Asia** with support from the Government of **#Denmark**.

Through these workshops, Salma learned how to

blend **#traditional #skills** with **#contemporary #designs**, using colors and innovative skills . Today she works as the Quality Assurance Supervisor.

Denmark - Meet Raveena, a ten-year old **#youth #activist** from **#Umerkot** in Sindh, who raised her voice against traditions and said NO to becoming a **#child#bride**.

Raveena was a regular audience of **#community #theaters** conducted in her area, funded by **#Denmark**, through which she learned about the **#harms** of **#underage #marriage**. She was able to bring this information home and convince her parents to **#save** her **#childhood**. Raveena continues to study and is a **#promising #role #model** for **#young #girls** in her community.

Raveena is one of the many beneficiaries of **Oxfam in Pakistan's** 'Gender Empowerment and

Institutional Development Programme' supported by the Government of Denmark. The nationwide project aims to create an environment for effective citizenship and responsive governance, where people, especially youth and women, can exercise their **#reproductive#health #rights** without any discrimination of **#gender**.

Good news for combating violence against women! German Ambassador Ina Lepel and Dastak Charitable Trust, a women shelter in Lahore, signed a project agreement last week. The project enables Dastak to provide shelter and assistance to women who have suffered from domestic violence. We hope this service will help improve the lives of those who need our support the most.

Watch these young women cheer to see the upshot of their hard work in shape of beautiful and stunning embroidered products with striking colors and excellent finish.

They enhanced their embroidery skills by participating in the embroidery production training in Mateela village in district Sargodha, Punjab with support of the Danish Embassy.

Alluring prospects await for these women as they now receive continual production orders from local as well as vendors outside their village.

Solar cooker for 100 Pakistani families!

Two of our colleagues visited our project partner "Social Welfare Council" in a village near Gujar Khan today. The German Embassy is funding the production and distribution of 100 solar cooker.

Only the sun is needed to cook a meal on one of these simple cookers. Therefore, women don't have to collect firewood anymore and it is safer than using fire to cook.

April 17

One of our colleagues visited a women's shelter in Lahore this week and met with women of disadvantaged community.

It was impressive to see the incredible work done by civil society to support those who need our assistance the most. Even more impressive was the resilience that these women show on a daily basis. We will continue to support women empowerment in Pakistan - a key factor for making societies more equitable and prosperous!

April 8

On the occasion of the visit of the German Federal Minister for Economic Cooperation and Development, Dr. Gerd Müller, parts of the German Delegation visited **Behbud** in Rawalpindi. This project is supported by the German **Konrad-Adenauer-Stiftung** since 1996.

The German Delegation enjoyed this interesting trip a lot and if you want to find out more about "Behbud" have a look at their website <http://behbud.org/>

HEALTHCARE AUSTRALIA

June 15

Australian High Commissioner Margaret Adamson talks about Australia's support to the Civil Society Water, Sanitation and Hygiene (CS WASH) program in a special documentary by the **International Rescue Committee** (IRC). CS WASH, implemented by IRC and Plan International, supports the efforts of provincial governments to improve sanitation and environmental health in Khyber-Pakhtunkhwa and Punjab providing 460,000 people with access to improved sanitation.

June 10, Australia's Minister for Foreign Affairs, the Hon [Julie Bishop MP](#) has announced a further AUD18 million to help end [#polio](#) transmission in Pakistan, Afghanistan and Nigeria. This brings Australia's total funding to the [Global Polio Eradication Initiative \(GPEI\)](#) to AUD104 million since 2011. Through GPEI, around 16 million people are active who would have otherwise been paralysed by polio, and the world has saved more than USD27 billion in health costs.

Acting German Ambassador Dr Jens Jokisch inaugurated two projects in Peshawar this week, together with a visiting Delegation from Germany.

The projects provide technical training for solar engineers and medical assistance to burn and trauma patients in remote areas through video technology. Both are part of the mainly German-funded PATRIP Foundation which supports economic and social development in the border regions of Tajikistan, Afghanistan and Pakistan.

A big thanks to our local partners who have made these projects a success!

France supporting #GreenEnergy development in #Pakistan: Ambassador of France and Ambassador of European Union Cooperation in Pakistan visited the construction site of the new national Hydropower Training Institute (HPTI) in Mangla.

France and the EU through the [AFD - Agence Française de Développement](#) -French Agency for Development (AFD) have provided the Government of Pakistan with a 4 million euros funding. Upon its completion by end of 2018, the hydropower training center will contribute to the capacity-building of public and private hydropower operators like WADPA, provincial operators and independent power producers.

For the last ten years, France through the French Agency for Development has been promoting green energies in Pakistan and has allocated more than 300 million euros to investments in hydroelectricity. About 80% of this amount is financing projects implemented by WAPDA to develop the tremendous Pakistani potential in hydroelectricity.

Education

Australia

Australia partners with **DFID - UK Department for International Development** in Pakistan to support the Government of Khyber Pakhtunkhwa's education reforms. The Australian Government is investing A\$63.85 million in the Khyber Pakhtunkhwa Education Sector Program to help ensure every girl and boy has the opportunity to gain a quality education. Australia's support is also helping to improve the infrastructure of hundreds of schools across Khyber Pakhtunkhwa to provide better learning environments for children.

Australian High Commissioner, Margaret Adamson donated sporting equipment to Kaghan Valley School, which is providing free education to children in earthquake affected areas of Khyber

Pakhtunkhwa Province. The Australian Government's Sport for Development initiatives engage young people to help them learn important life skills including leadership, teamwork, respecting rules, discipline and perseverance.

May 20 Australia's High Commissioner to Pakistan, Margaret Adamson hosted a lunch for local institutions and NGOs working with the Australian High Commission's Direct Aid Program (DAP). Through the DAP program, the High Commission has funded projects across Pakistan, including solar infrastructure for vocational training facilities, promoting women's entrepreneurship, supporting a public speaking program in schools designed to address challenging social issues, as well as supporting organisations working towards ending violence against women and girls.

Denmark

Denmark's support to Children Rights: The emotional, social and physical development of young children has a direct effect on their overall development and on the adult they will become.

Receiving adequate nutrition, care and opportunities to learn is a basic right, which is why we are proud to be supporting **UNICEF Pakistan's Country Program, which works around six key priorities for child development in Pakistan.**

This partnership has helped promote a cross-sectoral engagement in education, WASH (in schools), child protection, nutrition, and health sector for the holistic development of the child. We fully believe that optimising the early years of children's lives is the best investment we can make in ensuring their future success. **#ChildrenRights**

Recently, UNICEF hosted 'Reflection & Way Forward' - an exhibition with an event to reflect on what has been achieved for children in Pakistan as we mark the half way point in UNICEF's 2013 – 2017 Country Programme.

The six key areas being prioritized by UNICEF in Pakistan in its current country programme:

- 1- Educate All Children;
- 2- Eradicate Polio;
- 3- Improve Access to Sanitation;
- 4- Stopping Stunting;
- 5- Decrease Child Deaths; and
- 6- Birth Registration.

MEDIA SUPPORT

Denmark

Media has an important role in advancing peaceful, just and inclusive societies. The latest Press Freedom Index shows that Europe is still a beacon of press freedom, as Norway tops the list, followed by Sweden, Finland, Denmark and the Netherlands.

IMS (International Media Support) with the support of the Government of Denmark is supporting independent media in Pakistan since 2010.

The program focuses on improving the skills of media workers in the provinces so they may enable citizens to make informed decisions in their own lives and through political participation. It also focuses on improving the regulatory environment for the media and promoting the development of professional codes of conduct among journalists and institutions to provide journalists with enabling professional environments that support high-quality, in-depth journalism.

Journalism Excellence Awards supported by Government of Denmark

The right to information and freedom of expression are preconditions for a transparent debate and for ensuring basic human rights, said Ambassador H.E Ole Thonke while speaking at a [#Journalism #Excellence #Award](#) ceremony hosted by [IMS \(International Media Support\)](#) in collaboration with [Individualland Pakistan](#)

Ambassador Thonke awarded 11 winners from print and electronic media from the four regions for their outstanding journalism and reporting skills and for highlighting regional issues pertinent to [#national #development](#). The winners were selected under IL's small grants programme with the aim to recognise the best news stories from various regions showcasing critical analysis and information on important issues from their local areas.

Congratulating the winners, he said Denmark's support for the [#freedom of #expression](#) and a [#free](#) and [#diverse #media](#) is intended to contribute to the development of a platform for [#democratic #debate](#), to [#reduce#poverty](#) and to [#promote #peace](#) and [#security](#) in [#Pakistan](#). The awards program is part of a larger media support program funded by the Government of Denmark that aims to build media capacity on content and skills and especially [#safety](#) of [#media #workers](#). It also focuses on improving the legal and regulatory framework for media, and strengthening of the professional [#code](#) of [#ethics](#).
