The district has a main Twitter account that will provide you with the latest news and information about district happenings. Teachers, coaches and other faculty are encouraged to set up Twitter accounts so that students, parents/guardians, the community and others can follow their accounts for specifics regarding athletics, activities and classroom events.

What is Twitter anyway?

Twitter is an information network made up of 140-character messages called Tweets. It's an easy way to discover the latest news related to subjects you care about.

How is it useful?

Twitter contains information you will find valuable. Messages from users you choose to follow will show up on your home page for you to read. It's like being delivered a newspaper whose headlines you'll always find interesting – you can discover news as it's happening, learn more about topics that are important to you, and get the inside scoop in real time.
