# Snapshots of life

**A.** Phil and Michelle enjoyed a vacation to the north shore of Lake Superior in October. It's one of our favorite places to visit and we love the many state parks for hiking! We visited many waterfalls and enjoyed time along the shore. It was an opportunity to kick back and relax for a few days after a long, busy camp season.

Lake Superior

**B.** Over the past 10 years we have had so many willing volunteers give of their time to serve at camp! We have also had generous donors give equipment and machinery, including a recent truck and snowplow. This fall, we had a record number of retreats and rental groups for the off-season, and many of our weekends in 2017 are also full. We will be having a work weekend in March, tentatively the 25th, to cut wood, do other cleanup and work on remodeling. We would love to have a big crew!

**C.** Phil has begun the process of moving the Philippi cabin forward to be in line with the newer cabins. We're also raising funds to renovate the north cabins. We have about 2/3 of the funds to raise yet for the project. Here our volunteer, Dirk, is raking leaves in front of the cabin to be moved.

**D.** That's a great big heart of gratitude from our family for your prayers and support this year! Merry Christmas and a blessed New Year to you and your loved ones.
