

# TRAINING DAY 05

TX WING WINTER ENCAMPMENT 2019

Training day 05 was a fun-filled day for the cadets. They engaged in many activities including pass in review (PIR) practice, an obstacle course, and the combat dining-in. First came PIR practice in which the students practiced the ceremonies involved in encampment graduation. Graduation is a chance for the students to show off the skills they learned over the week to their parents. Next, the cadets took buses over to JBSA-Lackland AFB and engaged in the challenge of going through a special operations obstacle course. They also met special operations servicemen and women who helped them learn the ropes. Lastly, the students participated in a long-held encampment tradition, the dining-in. After eating, the dining-in celebrations commenced. Every flight performed the skit they had created over the course of the week. Honor students, cadre members, and seniors were announced at this
