

2015 Technology Grant Instructions

The Autism Alliance of NENY will purchase technology devices for local individuals with an Autism Spectrum Disorder. The decisions will be made at the discretion of AANENY Grant Committee, but preference will be given to individuals most likely to use the device for communication. All grants are chosen through our selection process and will be reviewed by the Board of Directors. This grant will include iPads, iPods, tablets, GoTalk or other communication devices.

In order for an individual to be eligible, they must meet the following criteria:

- Have diagnosis (medical or educational) of an Autism Spectrum Disorder. Please include supporting documentation.
- Have significant communication delay.
- Live in Northeastern New York. Preference will be given to those within Clinton, Essex and Franklin Counties.
- Have access to a computer and internet (at home, school or somewhere readily accessible).
- Have a justification for requested device from a professional who is currently working with the applicant (Speech Language Pathologist, Teacher, Counselor, Autism Consultant, Direct Care Staff, etc). Please include justification.
- Demonstrate financial need.
- All information will be confidential and be used solely for the purpose of selection. First name and initial may be used in advertising if permission is granted.

Grant Recipients are asked to participate in a one-time training that will be provided by Autism Alliance of Northeastern NY. Based on individual need, a caregiver or professional may attend the training that will focus on maximizing success with a new device. Attendance at the training is not mandatory, but will be considered in the selection process.

Completed application and all supporting documentation must be postmarked by May 11, 2015 and can be sent to:

Autism Alliance of NENY
Attention: Grants
P.O. Box 1884
Plattsburgh, NY 12901

Please e-mail grants@aaneny.org with any questions.
