

Bin Service Commitment

We can assure you that our management of this service is superior to what has been previously available, allowing us to maintain long term relationships with our existing bin location hosts. Because of this, you as a property owner can be assured that we will take full responsibility for the monitoring and maintenance of the bin location. We can provide excellent references regarding our ability to manage these bins and prevent any inconvenient situations. If you would permit us to place a bin on your premises, we can offer you our **commitment** that the clothing collection bins will be emptied regularly and guarantee that the bins and surrounding area will be well maintained.

PLEASE! You can help us help those in Haiti suffering from years of poverty and natural disasters by hosting a clothing donation bin at your location. Call Carmen Wesley at 403-392-7030 or Elisa Humphreys at 403-619-1518 to find out more.

CLOTHING FOR A CAUSE

CLOTHING DONATION BINS THAT PROVIDE FUNDING FOR PROGRAMS IN HAITI

Haiti the poorest country in the western hemisphere was hit by a massive earthquake on January 12, 2010, then again in 2016 by Hurricane Matthew.

The pre-existing conditions in Haiti made dealing with these disasters even more difficult...

- 70% lived on less than \$2 dollars a day.
- 4 million suffer the effects of malnutrition.
- Chronic malnutrition kills 1 in 5 children under age 5.
- Over half the adult population is illiterate.
- 80% of the population is unemployed.
- The average life expectancy is 49 years.
- 80% live in extreme poverty.
- 1 out of every 10 children is a “Restavek” which in Creole means “to stay with” but in reality they are “child slaves”.

Bureau D'assistance Judiciaire 2016

March 2016 our Legal Aid Clinic opened in Petit Goave Haiti to provide Public Defenders Services to those who were otherwise wasting away in Pre-Trial Holdings. These often innocent prisoners had no chance of having their cases heard, only those who could afford a lawyer were ever seen by the courts and able to know the length of their sentence, and when they might be released.
