

## Ralph Grasso

## Ralph Aaron

## **Number 175,000 was a Piece of Cake (Or Two)!**

### **By: Roy Jorgensen**

On a very hot and humid day Ralph Grasso of Loxley, AL and Ralph Aaron of Dothan, Alabama went out to the skeet field to make history! Shooting at the LA (Lower Alabama) Open, hosted by the Fort Rucker Skeet Club in Fort Rucker, AL, on 18 June; Two Ralph's reached a goal that many of us think to be impossible!

On station eight, third box, during the .410 bore event Ralph Grasso shot at his 175,000<sup>th</sup> registered target of his long (42 Year) shooting career; and he smoked it decisively! (The Referee should have called "Lost Bird" as there were "No Visible Pieces" only smoke!) Later it was said that "he knew if he missed, he'd never live it down"!

Ralph Aaron, who was serving as host for this event quietly accomplished his goal during the 12 Gauge Event. He successfully broke his 175<sup>th</sup> thousandth bird at the end of his first round!

Congratulations to both of our Ralph's – We look forward to celebrating number 200,000 in the near future!
