

## Beginnergarten News

At the beginning of March our dinosaur theme will continue to roar on! The children have learned lots and have really enjoyed being paleontologists. They will engage in several science experiments as we finish our dinosaur studies. The children will hatch dinosaur eggs, make fossils, and make a volcano erupt.

After dinosaurs we will have a transportation/community helpers theme. The children will learn about different modes of transportation and they will be graphing the different ways that they have traveled. We will also be talking about how members in our community help us to stay safe. We will be talking about how the police and firefighters keep us safe, fire safety and the use of 911 in an emergency. We will also talk about how doctors help us when we are sick. Our dramatic play area is going to become a travel agency, complete with brochures, maps, and other items that you might find if you are planning on taking a trip. At the block center, the children will be able to play with the train set, garages and cars.

The week of March 3<sup>rd</sup> is Lutheran Schools week and we are celebrating in a big way! On Sunday, March 3<sup>rd</sup> the children will be singing in church. Monday is crazy hat day, Tuesday is team day, Wednesday is wacky Wednesday, Thursday is spirit day (wear your school t-shirt), and Friday is superhero/princess day. Saturday, March 9<sup>th</sup> is our Flapjack Fundraiser. Tickets are \$8 per person! It is my favorite fundraiser, ever! When you come to Applebee's I will be your server. The school will host an Open House on Tuesday, March 5<sup>th</sup> from 6-7:30pm. If you know of anyone looking for a great place for their child next year, please send them our way! They can tour the classrooms and enroll for next year! Enrollment for the summer program is also open.

March looks to be a busy time, I hope to see you on March 3<sup>rd</sup> and March 9<sup>th</sup>! Have a great month!

Miss Michelle
