

## VALLEY ANIMAL HAVEN'S WAITING LIST:

Our mission at the Valley Animal Haven is to help lower the number of animals that are euthanized at local animal control agencies. Therefore, we prioritize our animal intakes by first taking animals from animal control that may be facing euthanasia.

Because of this, the available space in our shelter for owner surrendered animals is very minimal and fluctuates on a daily basis.

For this reason, we do NOT maintain a waiting list for individuals seeking to relinquish their pets.
