Triple R is a 100% volunteer organization committed to saving the lives of neglected and abused equines in the Tallahassee area. We provide veterinary services, feed, medications, safe homes, and loving care to our adoptees. We're always looking for foster homes and adoptive families for our horses!

Triple R's mission is to advocate for and rescue horses that have been physically and/or psychologically abused, neglected, or abandoned. Triple R's purpose is to provide rehabilitation, seek out caring adoptive families, and work to educate horse owners and the community about the plight of unwanted horses and the proper care needed to restore their health and dignity.
