Microsoft Excel Tools	Update *	PC	Site <sup>1</sup>	Corporate <sup>2</sup>
<b>STAR Safety Scorecard</b>	<input type="checkbox"/> 20%	<input type="checkbox"/> <b>\$99</b>	<input type="checkbox"/> \$199	<input type="checkbox"/> <b>\$1,999</b>
The Safety Scorecard is set up for you to record multiple metrics from among six (6) Fundamental Safety Processes: Risk Assessment; Incident Review; Inspections; Observations; Supervisor Communications and Employee Rewards and Recognitions. See scorecard results by department, and roll up to a site level!				
<b>Compliance Calendar</b>	<input type="checkbox"/> 20%	<input type="checkbox"/> <b>\$99</b>	<input type="checkbox"/> <b>\$199</b>	<input type="checkbox"/> <b>\$1,999</b>
Using a regulatory and management systems inventory, together with a list of your Critical To Safety (CTS) equipment, you will select from a pre-list of 9 requirements pertaining to: Environmental Reports; Safety Reports; Safety Committee; Ergonomics; Regulatory Review; MS Elements; Training; Department Audits; and Fire Prevention Plan. Add Frequency, Responsible Party and Notes, and monthly see a list of items due. Track each month, and visually see what is due, and what has been closed.				
<b>Risk Management Systems Evaluation</b>	<input type="checkbox"/> 20%	<input type="checkbox"/> <b>\$45</b>	<input type="checkbox"/> \$99	<input type="checkbox"/> <b>\$995</b>
Using a Malcom-Baldrige approach, five levels of maturity are independently evaluated and scored before the next level is scored, creating an output to visually represent the maturity of your Risk Management Program. Seven (7) Risk Management Programs are included: Framework Context; Risk Assessment - Identification; Risk Assessment Analysis; Risk Assessment - Evaluation; Risk Treatment; Communication and Consultation; Monitoring and Review. Excellent resource for an internal table top evaluation of your program.				
<b>Safety Committee Maturity Assessment</b>	<input type="checkbox"/> 20%	<input type="checkbox"/> <b>\$45</b>	<input type="checkbox"/> <b>\$99</b>	<input type="checkbox"/> <b>\$995</b>
Evaluate the degree of your Employee Engagement and your Safety Committee Maturity using this five level Malcom-Baldrige approach. Use this assessment guide as a table top review with your safety committee to gain understanding of where they are, and where they can improve.				

All products are supported on a time and material basis depending on the level of expertise required. Please contact STAR directly for any customization and enhancements required to receive a price quote. Turn-key means the user has a license to modify software. Some limitations apply.

\*From time to time our products are updated due to changes in regulations, references, etc. STAR generally sends out notices of significant updates. Updated software and products may be purchased at a significantly reduced rate (typically at 80% discount of the current purchase price). Please contact STAR to receive discounted price.

<sup>1</sup>Additional site licenses are available at a 50% discount.

<sup>2</sup> Corporate license applies up an unlimited number of units. All corporate licenses require an Annual Fee of 10% of the list price annually.

<b>MANUALS &amp; PRODUCTS</b>	Update *	Site <sup>1</sup>	Corporate <sup>2</sup>
<b>VPPProfile™ Screen</b>	<input type="checkbox"/> 20%	<input type="checkbox"/> \$299	<input type="checkbox"/> \$2,995
VPPProfile™ Screen is an Excel© template for site committees and EHS personnel to perform their annual evaluation to all of the VPP program elements. OSHA's TED 8.4 and CSP 03-01-003, 2008 and other internal guidance were used to develop this protocol of over 400 criteria. It includes a Document List, Scoring Template, Interview Guides, etc.			
<b>OSHA Screen™</b>	<input type="checkbox"/> 20%	<input type="checkbox"/> \$299	<input type="checkbox"/> \$2,995
OSHA Screen™ is an Excel© template of a compliance based evaluation tool based on OSHA's guidance to small businesses as well as 29CFR1910. It is a protocol of over 800 evaluation criteria that helps sites evaluate their compliance status to each OSHA subpart. It includes a Document List, Sample Audit Schedule, Scoring Summary, Action Plan Tracking Form, etc.			
<b>ISO14000 Screen™</b>	<input type="checkbox"/> 20%	<input type="checkbox"/> \$299	<input type="checkbox"/> \$2,995
These 5 divisions, based on ISO14001: 1996 (E) are designed to measure the performance of an organization's Environmental Management System. Over 200 criteria will enable you to assess your EMS against the international standard.			
<b>VPP Self-Evaluation Manual</b>	<input type="checkbox"/> 20%	<input type="checkbox"/> \$499	<input type="checkbox"/> \$4,995
We have combined our VPPProfile™ Screen with a written plan, employee and program interview guidelines and a method for documenting your VPP baseline with a scoring system, and sample narrative reports. The Plan is designed to allow you to meet the annual self-evaluation and narrative reporting requirements for OSHA VPP. Note: Site License includes an electronic copy of the VPPProfile™ Screen and the narrative report. Corporate License includes an electronic copy of the entire manual.			
<b>VPP Implementation Guide</b>	<input type="checkbox"/> 20%	<input type="checkbox"/> \$595	<input type="checkbox"/> \$5,995
Our Implementation Guide is a 32-chapter volume complete with fill-in-the-blank written programs for all of your VPP programs. In addition, we had included self-evaluation checklists that allow you to determine the strengths and weaknesses in your programs and plan for continuous improvement, as well as examples and attachments for each.			
<b>Train-the-Trainer Courses</b>	<input type="checkbox"/> 20%	<input type="checkbox"/> \$450	<input type="checkbox"/> \$3,995
STAR has standardized many of our training courses, providing speaker notes, instructions, PowerPoint slides with examples, etc. Our Train-the-Trainer courses are provided with instructions to professionals to use in training site personnel. Currently we offer Train-the-Trainer in: Job Hazard Analysis (JHA), Incident Investigation, Committee Operations, and Inspections.			
<b>Online Perception Surveys</b>		Prices start as low as \$950	
Perception surveys have been recognized by safety professionals as a key measure of attitudes and process effectiveness. STAR now offers this service through a secure web-based application. Accurate statistical interpretation coupled with 20 years' experience from in-person, dynamic surveys will result in value-added identification of strengths and weaknesses. Recommendations effectively target strategies towards identified weaknesses both by topics (e.g., goals and objective setting, employee teams, incident investigation, specific job task training) and key demographics (e.g., departments, managers, supervisors, new hires, etc.).			
<b>Note: Specific survey needs can be tailored to individual sites, regions, and corporations based on organizational structure and specific management systems (if VPP is not your current system).</b>
