

NAWIC

National Association of Women in Construction

Dear NAWIC Supporter,

The Lexington-Bluegrass Chapter 367 is pleased to announce that our NAWIC Education Foundation (NEF), the education arm of NAWIC, will be presenting our 8th Annual Block Kids Building Block Program on Saturday, **February 3rd, 2018 at Newton's Attic**. NAWIC Lexington-Bluegrass will be joining sister chapters all over America to host this event. NEF works with participating companies and organizations to promote the construction industry to youth as a career path. We would like your support by participating in this event. As a sponsor, your firm will be recognized in all marketing materials, signage, and the day of the event, on the NAWIC Bluegrass Website and in the NAWIC Newsletter. We appreciate any contributions to our contest and invite you to take part this year as a sponsor in one of the following categories.

<u>Block Kids Items Needed</u>	<u>Total Support Needed</u>
Lego Sponsors	\$200
Overall Prize Sponsors (Toys'R'Us gift cards—\$15, \$25, \$50 denominations)	\$450
Raffle Prize Sponsor (each child given raffle ticket to win Lego kits as prizes)	\$200
Goodie Bag Items (construction themed items & goodie bags themselves for 100 children, tool belts, kids hardhats, etc.)	\$400 AND/OR construction themed items for goody bags
Block Kids T-Shirts	\$850
Photography Sponsor	Provide photographer to document the day

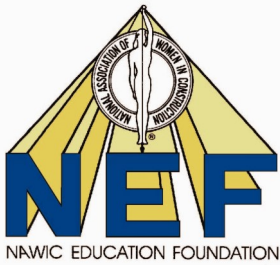

WE NEED YOUR HELP... In an effort to involve the employers of the membership, construction-related businesses and the community at large, we are actively seeking donations to help fund this annual community event and others like it to promote the construction industry. If you are considering donating to a great cause, THIS IS definitely the one! We are asking for any contribution, whether it is monetary, or goodie bag stuffers, it is greatly appreciated! Your kind contribution will allow us to impact the lives of area elementary students in one day and actively promote future women and men in construction. The success of this program is due to the tremendous support from our industry and community.
