

Product Description:

RT4 is a fine wood polish with a rich blend of natural and synthetic waxes with silicones, specially formulated to remove light soiling and sticky marks from all porous wood surfaces leaving a hard, water-resistant, smear-free finish with a high gloss shine. Ideally made for cleaning in hotels and leisure facilities. Use On finished wood tables, chairs, office/bed-room furniture, cabinets, panels, doors, trim, and benches.

Typical Uses

Use to restore, gently clean, moisturize & conditions the wood and protect it by quickly removing dirt, soil, and residue. Prevent drying, fading & discoloration. Eliminate build-up of dirt.

How to use:

RT4 is a ready-to-use product.

Spray **RT4** on wood surface to be cleaned. Spread **RT4** to cover the whole surface with a towel. Keep wiping until the surface is evenly coated and clean.

Refer to SDS before using the product.
