

# Preventive/Predictive Maintenance Services, Inc.

dba P/PM Services, Water Treatment

dba Southwest Spectro-Chem Labs

## - BULLETIN -

March 24, 2020

Preventive/Predictive Maintenance Services, Inc., dba **Southwest Spectro-Chem Labs**, dba **P/PM Services** provides essential analytical and maintenance services for the petro-chemical and manufacturing industries.

Our main office will remain open to support critical industry operations. We feel this is in-line with regulatory agency policies and information our management has received as of 12:00 noon, March 24<sup>th</sup>, 2020. Our staff's health is currently unaffected by COVID-19. Heightened health and safety practices are in effect. Customers, deliveries and visitors will not be allowed in office and laboratory areas. We ask that all persons please respect posted policies and the safety of others, including social distancing.

Preventive/Predictive Maintenance Services, Inc. asks all persons who suspect that they may be ill to stay home and take appropriate precautions. All persons with compromised health conditions should also stay home and take appropriate precautions.

Given rapidly evolving local, state and federal policies, Preventive/Predictive Maintenance Services, Inc. will notify customers, suppliers, and staff of any change in operation status. For now, we are open for business.

Respectfully,

Peter Lau  
Safety Manager
