We are getting closer to the **conversion** from Spectrum to Blue Stream Fiber. Spectrum TV is included in your condo fees, while you currently purchase internet and phone services yourself. Blue Stream Fiber, chosen by the Board of Directors in March 2022, will provide all condos with TV & Internet, which will be included in your condo fees. You can purchase telephone with Blue Stream individually.

Blue Stream will conduct presentations on what steps we need to take to convert our TV and Internet. Presentations are starting in November with an evening *Zoom meeting* and the following Day, an *In-person* gathering at Club House 1 - to help us all understand our move to Fiber Optic service for TV and Internet.

- **Check Building Bulletin Boards and the Website for full details.**

November 14 @ 6:30pm - Join Zoom to learn more about the Fiber service conversion that is starting the end of November through to January 31st.
