

IT PAYS TO HAVE YOUR WORN CUTTERS REGROUND BY SEVERANCE!

New Tools From Old At A Fraction Of Original Cost!

HIGH SPEED AND CARBIDE

Your dull rotary cutters, Reground by Severance, gives you new tool performance at LOWER COST.

New-Tool Craftsmen, using the same precise skill and care as they do in grinding new tools, regrind your cutters.

Being the originators of this type of Service, we believe the combined experience of our Engineers and Craftsmen is unsurpassed in this field.

Check up right now on the dull Rotary Files, Burrs, Midget Mills®, Countersinks, Tube End Forming Cutters, exc., in your plant, and arrange to have them Reground by Severance.
