About the company:

Akkurt company was established in 1972, starting its business life by manufacturing machines. Since its establishment, Akkurts carried out their business activities mainly in the Turkish Industry and also in many other places in the world. Since 1982, our company started becoming well known in Turkey with water armature and polishing and sanding machines, which are used in the accessory sector. In 1992 Akkurts started its operations in Aluminum industry and until now, Akkurts brought in polishing, brushing, packing and thermal break system machines to the sector. Today, with over 40 years of experience, Akkurt brand is known to bring innovation to the sector and shape the future with its technology. Akkurts carried its quality and technology from Turkey and from Germany to Kazakhstan, from Iran to Nigeria, total of 25 countries and more than 100 cities. As Akkurts our vision is to determine the needs of the aluminum sector at the best way possible and provide the most suitable solution with advanced technology to the industry. And we know that, our objectives will always be the best.

**Products**

Aluminum Profile Polishing, Brushing and Wrapping Machines.

Quality Certificates

ISO 9001, CE

Export Markets

Germany, Dubai, Kazakstan, Russia, Ukraine, Kuwait, Iran, Saudi Arabia, Greece, Israel, Palestine.

Production Capacity

70 piece

Min. Order Quantity

1 Piece.
