

FINANCIAL ASSISTANCE SUMMARY

As part of its mission and commitment to the community, Falls Community Hospital and Clinic provides financial assistance to patients who qualify for assistance pursuant to FCHC's Financial Assistance Policy (FAP)

ELIGIBILITY REQUIREMENTS:

All patients are eligible to apply for financial assistance including those with insurance. Established discount guidelines are utilized to determine what amount, if any, will qualify for financial assistance.

Generally

Patients with family income at or below 200% of the Federal Poverty Guidelines (FPG) will receive a 100% discount. Patients with family incomes ranging from greater than 200% up to 500% of FPG, with medical bills exceeding 5% of their yearly income are eligible for a 95% discount.

When a patient's circumstances do not satisfy the requirements under the established discount guidelines, a patient may still be able to obtain financial assistance. In these situations, FCHC representatives will review all available information and make a determination of the patient's eligibility for financial assistance.

The patient's situation will be evaluated according to relevant circumstances, such as income, assets or other resources available to the patient or patient's family and the outstanding balance.
