KANSAS LEGAL PET GUIDE

POSSESSION		IMPORT	TAKE		COMMENTS
Legal as Pets	DWPT Permit	Register	Legal for Pets	Ag Permit	

This is only a guide of animals that MAY be legal in a state. Due to the extensive amount of laws involved that are constantly changing, UAPPEAL and contributors of these guides cannot guarantee the accuracy of the information. Users are responsible for checking all laws BEFORE getting an animal.

SUMMARY: Kansas bans dangerous animals, certain animals on a prohibited species list, and skunks/raccoons/civets/foxes/coyotes due to rabies control. Other exotic animals may be kept without limit in number or time. For other native wildlife, species in 115-20-2 are legal to take from the wild and keep as pets with a limit on 5 reptiles/amphibians per species and 5 mussels. Furbearers, big and small game, game birds and waterfowl must be captive-born with receipt showing proof. Wolves require a special permit. Most other native species are banned.

DISCLAIMERS:

* The laws listed above lists whether a species to legal to possess and import according to state laws and then any federally protected species with stricter regulations than the state. **Be sure to review all federal laws** as some ban certain species as pets or make it legal to possess a species

*For states that do allow keeping wild-caught native species as pets, it is usually limited to game birds, game animals, furbearers, reptiles, amphibians and invertebrates. Such taking usually requires some type of hunting or fishing license **in addition to any required captive wildlife permits**. All laws must be followed, including daily bag and possession limits, seasons, size limits and location specific regulations.

* These guides are usually based on state fish & game laws, state agriculture and health import laws, and marine resource laws except when otherwise noted. Check laws for all requirements. Additional state laws may apply, including general animal control and care, livestock, and other
