	QUALITY	ALL MSC Reefer service, pick up and empty return will be from 25th ST main yard only. For import reefers Genset will not be provided after normal business hours Reefer operations Mon – Fry from 8:00AM – 5:00PM only									
	Please monitor terminal website for any changes in empty returns Policy										
Any questions or concerns, please contact the Equipment Control Dept. 786-673-2985											

YES	Receiving good and damaged units, no restrictions.
#YES#	Receiving only good order units
YES	Receiving damaged with restrictions, see remarks for POMTOC, and good order units.
**YES	Receiving damaged with restrictions, see remarks for PET, and good order units.
NO	Not receiving.

When pulling reefers from Quality (only applies from Quality Container Yard), please specify what will go over the road and what will be for local use so a container from the proper stack can be given to the drivers.

We have set up 2 different criteria (local use and road use) for reefer releases and need your cooperation to help avoid any possible issues with the reefer/genset on long road moves.

Quality will start recording the loading cities on the EIR's and we will be rejecting any claims due to units failing over the road if loading address/location is not specified prior to picking up from the CY (at the gate).
