VIVID – CLINGING BOWL CLEANER

DESCRIPTION

Vivid is a pleasant, non-fuming, viscous cleaner that banishes rust, calcium, hard water and discoloration stains from toilet bowls, urinals, shower stalls and all ceramic tile surfaces. It has a mild, minty aroma that leaves a pleasant after-scent wherever used.

Because of special additives, it clings to slick bathroom surfaces. Simple flushing will not remove it from the interior surfaces of urinal or commode, necessitating physical scrubbing action for complete and effective cleaning
