

Jessica Dillard described the growing list of hemp products of Daydreams Farms. She discussed the differences between hemp and marijuana, the many acronyms such as CBD, THC, etc, and the advantages of organic and sustainable farming. It was an interesting talk on an ever changing market.

Dr Kalen Hammann's discourse on Teddy Bears and Snow Globes provides food for thought on how we see things, react to people, and interact with all sorts of people and activities in life. A fascinating talk!

Angela York from Thrive Peninsula talked about their organization that operates a food closet and provides training and mentorship for individuals in trouble to help them turn things around. The Rotary Club is planning with 4 other clubs on the Peninsula to fix up a conference room in the building they are buying.
