B&B PROPERTY MANAGEMENT SOLUTIONS APPOINTS PARTNER

B&B PROPERTY MANAGEMENT SOLUTIONS is proud to announce the formal appointment of **Joseph R “Bowhunter” Wheeler** as Partner to the firm. A renowned business consultant and business development expert for the past 5 decades, Wheeler (a licensed real estate agent) complements the Firm with a plethora of business knowledge and experiences, along with real estate savvy having orchestrated over \$100 million in real estate transactions for clients.

A graduate of Morehouse College, entrepreneur and socio-economic authority, he has been a resident of Metropolitan Atlanta (born in Nassau County, New York) for more than 50 years and has seen the city mature from a “one highway southern city trying to find its identity” to the thriving international metropolis it is today.

According to Wheeler, “The Atlanta Standard Metropolitan Statistical Area (SMSA) is currently in an unprecedented cycle of real estate development and investment covering the entire market spectrum. Current projects underway with commercial and residential properties will have a trillion-dollar multiplier impact on this region over the next decade. B&B Property Management Solutions is poised to lead clients through the myriad of opportunities and problems to help them maximize satisfaction with their real estate endeavors; i.e. renting, selling, and purchasing.”
