March 2016

Volume 7 Issue VII

Dear Friends: Greetings! Welcome to the SEVENTH season of my monthly newsletter!

## **Ave Donnas!! (Hail to the Women)!!**

Observance of International Women's History Month: WOMAN:

'Female,' 'Lady,' 'Girlfriend,' 'Lover,' 'Wife,' 'Mother,' 'Daughter,' 'Sister,' 'Aunt,' 'Grandmother.'

Note: My responses below are merely a reflection on the culture of women in the United States of America. In addition, not relationship based.

March is internationally known as Women's History Month. Although our world's society is experiencing a slow and yet rapid change (Male dominate) for a more qualified world of shared responsibilities for both man and woman, I find it impossible to live this life without showing appreciation to/for women. **"Women, can't live with them, can't live without them."**- Desiderius Erasmus (Philosopher, 1466-1536) This quote is funny and true at the same time.

When I began to reflect on women; their purpose and contributions in my life, my initial (myopic and ignorant) thoughts were to see how difficult and complicated they are. (I'm sure this was based on personal experiences) But that was until I decided to give careful thought and research on their general (innate) characteristics and personality traits. During my internet searches I decided to look up the top 10 descriptors of a woman. Surprisingly, this led me to a list of the descriptors of a man. What I discovered is that women are actually much more simpler than men are in their traits. Both, men and women have described how they define the opposite sex. Results: The list of how women define a 'REAL MAN,' is much longer, opposed to how men define a 'REAL WOMAN,' again, I'm not talking relationships. Interestingly enough, I can see how these traits overlap into families, friendships, and relationships.

Moreover, out of the many things described and defined of women (from men), these three were amplified:

**Emotional- (Openly displayed feelings)**

**Supportive- with this comes; love, patience, kindness.**

**Integrity- Honesty, Sound, Ethical, and Moral.**

Can you imagine a world without someone who doesn't exemplify these characteristics? Without emotions, we'll never know or grasp the concept of how others feel. Without love, patience, and kindness, we'll never know what it means to have support. Without honesty, ethical and moral values, we'll never know what it's like to live a life of integrity. Through these innate-able traits, MEN can define and describe WOMEN. Therefore, in conclusion and in observance of International Women's History Month, I chose to honor and express my gratitude to the women who have helped to shaped our world. There lies the balance for this world- thank God for WOMEN!! "Part of being a great man is recognizing the value in a great woman.- Unknown **Ave Donnas!! (Hail to the Women)!!**

It is my desire to keep you informed and provide you with quick links to get there. Thanks for taking the time to read through my monthly e-newsletter. The VIVACE Musica newsletter runs September - May (no distribution during the summer months).

# FAQs

**Q: You're a teacher/coach of Five Subjects (Voice, Piano, Spanish, English and Public Speaking)...How would you describe your teaching style? What should potential students know before signing up with you?**

**A: Thanks for asking! This information can also be found via my website under services, but to answer your questions: I credit myself as a "PROCESS Teacher." Meaning, I give you everything upfront and from there; we discover, apply, develop and execute these things. As a result, it's great for accountability. My job as your instructor/coach is to ensure that my students get the best knowledge and skills. I advocate a variety of dynamic approaches to your learning styles and trends.**

*My teaching methods fall into these four categories: (D.A.D.E.)*

- **Discovery- Gathering relevant and resourceful information of how things function.**
- **Application- Putting technical skills to use and knowledge of when to use them.**
- **Development- Process teaching/learning.**
- **Execute- Bring forth or carry out. (PERFORMANCE)!**
