

# Equal Shares!

Jesus shared one boy's meal with 5,000 people, but it can be hard to share with even 5! Take this lunch and draw four lines from top to bottom, making sure all 5 people get the same amount of food.

# Equal Shares! Solution

Jesus shared one boy's meal with 5,000 people, but it can be hard to share with even 5! Take this lunch and draw four lines from top to bottom, making sure all 5 people get the same amount of food.
