1	Briefly describe the organization's mission:
	To provide a healing, educational, motivational and recreational environment utilizing equine and other animal assisted therapies
	and experiences to enhance the quality of life for all individuals, and to provide a loving home, whether temporary or permanent,
	for animals that meet a specific criteria to participate in therapeutic programs. We partner therapists with animals to heal the mind,

2	Did the organization undertake any significant program services during the year which were not listed on the
	prior Form 990 or 990-EZ?
	If "Yes," describe these new services on Schedule O.
3	Did the organization cease conducting, or make significant changes in how it conducts, any program
	services?
	If "Yes," describe these changes on Schedule O.
4	Describe the organization's program service accomplishments for each of its three largest program services, as measured by
-	expenses. Section $501(c)(3)$ and $501(c)(4)$ organizations are required to report the amount of grants and allocations to others,
	the total expenses, and revenue, if any, for each program service reported.

	Counseling programs include Animal-Assisted Counseling (AAC), Equine-Assisted Counseling (EAC), Eye Movement
	Desensitization & Reprocessing (EMDR), Traditional Counseling, and Animal/Equine Assisted Play Therapy. Therapists partner
	with Ranch animals to work with clients in individual or group sessions. Sessions typically are 60 minutes in duration and meet
	once or twice weekly. Clients as young as 3 years of age begin in our Play Therapy program. Through the child's natural language
	of play, the counselor can reflect back to the child and better understand the emotions and concerns of the child. The counselor is
	able to work with the parent(s) and child to improve their relationship. By working with the animals, the child learns empathy,
	emotion regulation, anger management, and coping skills. The child builds confidence and self-esteem and how to better
	communicate at school and at home. In group Play Therapy, the children learn how to play together, communicate with one
	another, and how to compromise and be flexible. As the child moves away from the world of toys, therapists may incorporate
	activities with the miniature horses and other barn animals. Activities can be designed to encourage sharing of emotions and to
	reach therapy goals. In 2018, the dramatic need in our community for Play Therapy necessitated the addition of one full time and 3

	We offer individual and group Therapeutic Horseback Riding Lessons Monday through Friday, throughout the year. We provided a
	approximately 1,600 therapeutic riding lessons in 2018. We now have 3 PATH (Professional Association of Therapeutic
	Horsemanship) Certified Therapeutic Riding Instructors. Typically once weekly, lessons may be 30 minutes or 60 minutes in length,
	individual or group. Clients, ages 4 to adult, include those with special needs, ie. autism, Down syndrome, physical limitations,
	mental health challenges, and Veterans. Riders progress weekly, some needing horse leaders and side walkers for safety,
	progressing to be more independent. During 60 minute lessons, the rider learns how to get the horse from the pasture and tack up
	the horse, with the help of volunteers and/or the instructor. Some riders participate in games and activities while riding, working on
	basic riding skills. Instructors tailor their lessons to help with skills being learned at home and at school. Riding sessions may be
	held in the covered arena, on the Sensory Trail which is specially designed for the rider to interact with most senses, and on the
	other Nature Trails. Growing our herd of horses to 13 in 2018, provides the necessary variety of horse sizes and shapes to match
	to the rider's abilities. The rider may change to other horses as their riding abilities progress. We continue to partner with

	Therapeutic Horsemanship groups have become a consistent area of service offered by the Ranch. Herd Strong, a group for
	youth-at-risk, has continued to be an effective means of group counseling. Participants are grouped in like age groups, so that
	levels of emotional processing will be similar among them. Teens are selected from referrals received from community groups,
	mentoring organizations, schools, and parents. Through horsemanship activities with their chosen horse, the teens learned about
	healthy relationships, communication, leadership, coping skills, and body language. They practiced new behaviors with the horse
	giving immediate feedback. We continue our relationship with a local substance abuse rehabilitation facility to provide therapeutic
	horsemanship to their clients. We have created a program where the clients learn about equine dynamics and can compare them
	to other social groups such as their family, co-workers, military unit, and so forth. As they establish a relationship with their horse,
	they can explore new habits, new behaviors, and new communication styles. They can compare the reactions of the horse to
	reactions of others in their life to see what works and what doesn't work in their life. As they engage in activities with their horse,

part time Play Therapists. Even with additional Contractors, we often experience a wait list. Teens typically participate in Equine Assisted Counseling. As the teen builds a relationship with a horse, they work on activities designed to focus on their therapy goals, improving their confidence and selfesteem as they experience the unconditional love of their horse. With immediate feedback from the horse, the client is able to try new behaviors, change communication styles, and be aware of how body language speaks volumes. Adult clients also typically choose Equine Assisted Counseling. Through building a relationship with their horse, the client learns how to build healthy relationships, try out different communication styles and behaviors, learn coping skills, and more. Activities are designed to assist the client to accomplish their therapy goals. In Eye Movement Desensitization and Reprocessing therapy, the client is able to train their brain to act in a more neutral manner when exposed to certain triggers that currently produce a dramatic response. Our counselors are trained to utilize this therapy with children, teens, adults, and Veterans. Eye Movement Desensitization and Reprocessing therapy is trauma focused and shows positive results in the treatment of PTSD, moral injury, nightmares, trauma, abuse, pain, eating disorders, etc. Clients report experiencing results guickly. Many of our clients merge Equine Assisted Counseling and Eye Movement Desensitization and Reprocessing therapy together. Counseling clients include youth-at-risk, children, adults, families, Veterans and their dependents, people with special needs, and others who seek counseling. There has been a significant increase in client referrals and personal requests for service. Due to the increased volume of counseling clients, we found it necessary to add an additional Play Therapy room, as well as, a general counseling room used by all counselors. Additional office space was also necessary for the additional therapists and record keeping. In 2018, 78 unique clients were seen for Equine Assisted Counseling. With an average of 16 sessions each, these clients participated in approximately 1,248 sessions of Equine Assisted Counseling. Thirteen clients were seen for approximately 156 sessions of EMDR Counseling. There were 26 unique Play Therapy clients for 2018 resulting in approximately 416 sessions of Play Therapy. Expenses include Independent Contractor fees, training, and supply costs. Cost of facility and the use of animals have not been included in these program expenses.

	In keeping with our mission, we offer many educational opportunities with a focus on animal stewardship for the community. We host field trips for special needs classes from the surrounding thirteen school districts, private schools, group homes, and organizations. We provided 9 special needs field trips in 2018, serving more than 120 guests. During their visit to the Ranch, guests meet and interact with the small animals in our Critter Cabin, participate in activities on the Nature Trail, enjoy a picnic lunch, and learn about and interact with the horses and other animals in the barn. All activities are hands-on, providing sensory experiences and unique learning opportunities. Teachers and caregivers also enjoy their time at the Ranch. In the Ranch setting, guests can relax and be themselves, free to enjoy activities at their pace and comfort level. The Ranch also participated in numerous off-site camps and visits. A variety of animals accompanied us during these off-site visits, providing an opportunity for participants to interact with and learn more about these animals. The focus of these visits may be careers related to working with animals, holiday related, or a special event. The Ranch has become a resource in all things animal-related. In addition, we hosted field trips at the Ranch for other camps with 80 children ages 7 and up. Providing hands-on interaction, children learn about the habitat, care, feeding, and training of a variety of animals. The program is offered as a day camp during the summer months. The Ranch offers badge workshops for all levels of Girl Scouts. All badges have an animal or nature theme. Workshops are totally interactive with scouts learning about the care and keeping of animals. Badges include learning about the ward projects at the Ranch. The professional team continuously develops designs for new apparatus and activities for their clients. There are typically not funds or time to build these projects on having them built by Scouts is a huge blessing. The project sigive the S	14,012	0	5,684
	In 2018, the Ranch added the new service of Developmental Therapy. This therapy specifically looks at how a child is developing during the most critical period of growth and development - Birth to 6 years. Using the child's natural language of play, our therapist will assess the child's global development and identify specific areas of need and strength. Play activities will be designed to help the child overcome challenges and improve the quality of their growth and development. Common reasons for Developmental Therapy include speech delay, autism, sensory processing differences, vision or hearing impairment, motor deficits, and more. Sessions, which may include a small animal in the play, are typically held in the Critter Cabin, new Play Room, or outdoors. Being outdoors offers many opportunities for work on sensory challenges. The Ranch Developmental Therapist is also a PATH Certified Therapeutic Riding Instructor. As a result, these two therapies may both be utilized during a session. The therapeutic riding may take place in the covered arena, on the Sensory Trail, or on one of the Nature Trails. More than 125 Developmental Therapy sessions, including assessments, were held in 2018. We anticipate this service growing as more become aware of this as a Ranch service.	8,284	0	7,820
	In lieu of advertising, we choose to be active within the community, both hosting and participating in events. We host two free events for the community annually: Santa at the Banch for Familian with Spacial Nords and Faster at the Banch for Familian with Spacial	4,422	0	910

Needs. We average 300 guests per each event. We solicit donations of door prizes, game prizes, refreshments, and craft supplies for Santa at the Ranch. We request donations of filled Easter eggs, refreshments, and door prizes for Easter at the Ranch. We have been holding these events for 10 years, growing each year. Special needs families enjoy our events as they know they are welcome and will not be judged. The Ranch is a safe environment for them to interact with their special needs child, enjoying a family event like those families not having a special needs child do. There is plenty of outdoor space to provide a private area in which to recover from melt-downs, have quiet time, and to help their child enjoy the day. We also host the Ranch Riders Horse Show each year. This is an opportunity for riders to demonstrate their riding and horsemanship skills to family and friends. We provide trophies for each rider and t-shirts for each rider and volunteer. Refreshments are sold at a minimal price so that everyone can afford to buy. Games and other activities are set up for family enjoyment. We provide sponsorship opportunities to help with the costs of the show. In addition, we host holiday events for groups such as the Bikers Against Child Abuse. They do not pay to use the facility and interact with the animals, but do bring along their own supplies. The Ranch is also a site for other support groups such as Families with Sturge Weber Syndrome, providing a central place for these families to meet and visit with one another. Some visitors come from other states and certainly from all over Texas to participate in these group activities. Another group for whom we host family days is HopeKids of NE Texas. Two events have been scheduled annually, a family fun day and a movie night. The Ranch provides a setting where both parents can enjoy the day, benefiting from a reprieve of daily duties. Guests can compare resources and learn "tricks" from each other. This is also an opportunity for the families to research the Ranch services and see what therapies interest them and are the most beneficial.
