

Dairy Technician/Farm Support

AM & PM Shifts PT or FT

Weekends and/or weekdays

Shepherd's Way Farms, a pasture-based sheep dairy that produces artisan cheese, has openings in milking & farm support.

Join our small farm team, caring for dairy sheep, milking and being part of our farm-to-table food production. Shepherd's Way Farms offers flexibility and an interesting, varied environment. PT or FT, early morning or evening shifts, weekdays or weekends -- create a schedule with us that fits your world.

We are looking for energetic, reliable individuals who work well with animals and find satisfaction in a job well done. The work requires stamina, attention to detail and to the big picture, the ability to lift 50 lbs and a can-do work style. AM Shifts 6-11am, PM Shifts 4-10pm with some variation, additional hours available.

Responsibilities include milking sheep, parlor sanitation, routine feeding and watering, and other daily farm chores. Previous animal experience preferred but not required, skid steer skills useful.

Compensation based on experience/productivity, \$12-15/hr. Benefits include paid time off and a monthly Cheese CSA Share.

Shepherd's Way Farms is located 8 miles from Northfield.

To apply, email cheese@shepherdswayfarms.com.

Please tell us about yourself, your work experience, and why you would be a strong addition to the farm team.
