Body Piercing Consent Form for Minor (Under the age of 18)

A body piercing, other than one performed solely upon the ear lobe is authorized only upon the written, notarized consent of at least one parent or legal guardian, who must file the same in person at the body piercing shop and complete a written record at the shop.

I, _____, residing at _____
_____ state of _____, do certify that I am the parent/legal guardian of
_____, D.O.B. _____, a person under the age of
eighteen years old. I hereby consent to the administration upon said minor of the following body
piercing procedure _____.

Due to growth changes taking place in the adolescent body, I understand that minors have a much greater risk of rejection and migration which could cause scarring and tissue damage. _____

I understand there is always some risk associated with any piercing. This includes vascular damage, as the artist cannot fully see through the skin. Every precaution will be taken to avoid any obvious veins, capillaries and arteries. _____

I have received or will receive complete written instructions concerning the after care procedures required to be followed in order to properly heal a body piercing. I understand my child is only in the care of the piercing artist for a few moments and that a body piercing can take months of diligent care and cleaning to heal properly. It is my responsibility as the parent or legal guardian of said minor to ensure that the proper care is taken for the next several months. I have fully researched and considered the decision I am making for my child.

Signature of Parent or Legal Guardian/ Date

Sworn to (or affirmed) and subscribed before me on this _____ day of _____, 20_____.
