Water Sewer Electrical Storm Drain Vaults

Vendors

- **A&L Vault – Concrete Vaults; Lids**
- **A.Y. McDonald – Brass; Pressure Booster Pumps; Centrifical Pumps**
- **ADS – HDPE Drainage Pipe; Poly Service Tubing**
- **American – Ductile Iron Pipe**
- **Ari – Air/Sewer Relief Valves**
- **Badger – Meters (PD, Compound, Turbine, Ultrasonic, Mag)**
- **Bio Chem – Products to Address Grease, Odor, Phosphorous, Ammonia, Settling; BODs; Algae**
- **BWM – Casing Spacers**
- **Cherne – Manhole Vacuum Testing Equipment; Test Plugs**
- **Crispin – Air/Sewer Relief Valves**
- **Fernco – Rubber Sewer Couplings**
- **Harco – Gasketed Water Fittings**
- **JBS – Manhole Frames & Covers**
- **JCM – Repair Clamps; Tapping Sleeves**
- **JM Eagle – HDPE Water & Sewer Pipe; Electrical Conduit**
- **M&H – Hydrants; Gate Valves; Check Valves**
- **Manhole Systems – Risers for Manhole Frames & Covers**
- **McWane – Ductile Iron Pipe**
- **NDS – Plastic Meter Boxes**
- **Reed – Hand Tools; Tapping Tools**
- **Romac – Repair Clamps; Tapping Sleeves; Line Tapping Equipment; Restraint Fittings**
- **Sanderson – PVC Pipe (Sewer, Water)**
- **Sigma – Valve Boxes; Meter Boxes & Lids; DI Fittings**
- **Southern – Concrete Meter Boxes**
- **Southland – Steel Casing Pipe**
- **Spears – Fittings for Schedule 40; DWV; SDR**
- **Union Foundry – MJ & Flanged Ductile Iron Fittings; Accessory Packs**
- **UPM – Premium Asphalt Patch**
- **Vulcan – PVC Pipe (Sewer, Water)**
- **Watts – Backflows; Check Valves**

Excellence

Anyone can be average, but it takes a real commitment to be excellent. We, at Bio-Chem Resources, are committed to excellence in every area.

Our people...

Our products...

Our service...

...are all excellent!

That's my commitment to you. If you buy a Bio-Chem product, or choose a Bio-Chem service, I will personally stand behind our promise to give you excellence in everything we do for you.

I guarantee it!

— Ken Brummett
President

Bio-Chem Resources

Leaving the world better
than we found it.

Our Mission...

Born out of a desire to make a positive impact on our environment, Bio-Chem Resources discovers and provides all-natural alternatives to chemical treatment for the wastewater industry.

Our company philosophy is different. Not just a cold, corporate entity, we are families, working together for a common cause. We want to leave the world better than we found it. To this end, we offer safe, natural options for your environmental challenges.

Put us to the test.

We welcome the challenge!

All-Natural Wastewater Treatment

Bio-Clean All-Natural Flocculent...

Born out of a desire to provide natural answers for today's tough wastewater challenges, Bio-Clean All-Natural Flocculent was developed with the aid of University scientists. The goal: Develop a product to out-perform chemical treatment products at lower cost. The results are spectacular, as Bio-Chem's many customers attest.

Bio-Clear All-Natural Clarifier...

Since coming to market with Bio-Clean, Bio-Chem has been on a quest to discover other, equally-impressive natural products. Used as a stand-alone product, Bio-Clear is used in such places as Disney World and Sea World. Bio-Clear is also used as a catalyst for Bio-Clean All-Natural Flocculent.

All-Natural Phosphorus Removal...

Bio-Chem's No-Phos All-Natural Phosphorus Remover was released in late 2002 with extraordinary results. Tested in the most adverse conditions, No-Phos has proven to be very effective, lowering phosphorus to as low as 1ppb, without expensive equipment.

Infrastructure Management

E-Z Lift Station Maintainer...

Shortly after coming to market with Bio-Clean, we saw the need for a product that would redefine the impression of "Degreasers." Now, with E-Z Lift Station Maintainer, Bio-Chem customers have a product that does what everyone wants it to do: It works! All of this at a price that makes E-Z Lift Station Maintainer the industry leader. When you see it work, you will understand why Bio-Chem customers nick-named E-Z "The Grease Killer." A money-back guarantee... What more could you ask?

B-C Revive...

Simply, the most effective biological product offered in the marketplace. This powerhouse works in any environment, and is even effective in toxic situations. If B-C Revive can't get the job done, nothing can!

Eliminators...

"Eliminators" is a revolutionary new approach to waste elimination and grease trap maintenance. "Eliminators" is used effectively in applications from small restaurants to large food processing companies.

Effective Odor Control

B-C Odor Control...

Effective at a rate of one gallon to one million gallons, this all-natural odor control product eliminates hydrogen sulfide and the odors and corrosion associated with it. All natural. Completely safe. The best alternative for many odorous situations.

Neutralize...

This powerful new odor-remediation chemical is effective at one gallon to one million gallons. Very effective and very fast, this new product delivers surprising value and performance.
