

2020 Transform Cheer

Our 2020 Season will be a little different than years past. Due to the changes and uncertainty we are facing we have modified our season a little bit. We will be starting our cheer program in August and it will run through January 2021. Cheerleading is a team sport where a routine with stunts, jumps, dance, and tumbling is performed. Due to this it is required that athletes fulfill the entire season and attend all scheduled performances. In the event of an absence or illness please contact the coach as soon as possible so arrangements can be made. Failure to do so could result in the child losing their position in the routine and or stunt group.

*Class times can change from session to session. At this we are doing sessions by month, we typically do 6mo sessions. With the current situation this has yet to be determined. We will do our best to keep the cheer schedule the same, but it could change.

Uniform & Apparel:

All athletes will be required to have CLEAN white cheer shoes that are only to be worn to cheer practice. You may purchase through the gym or supply your own. Cheerleaders may not wear jeans to practice. Shorts and T or a leotard are acceptable. Please no dance skirts due to the potential of stunting. A uniform will be assembled, but due to the current situation and unknown of competitions we are looking into shorts and tanks that can be worn outside of cheer as well. Cheer bows will stay the same as last year for squads, if your child is moving up an age group a new bow can be ordered.
