Mutual respect.... Trojans and Roughers after a hard fought game

## Jenks enjoys big homecoming win

By: Fred W. Wienecke, Journal Sports Writer 10/12/2006

On Friday night's homecoming game, the Jenks Trojans suited up and prepared in the old locker room rather than the new locker room. There was an implied message.

That message to Sharp Center is reserved for winners. The Trojans got the message and dominated the game in every respect. Offense, defense and special teams were invincible.

Roughers' first string quarterback, Rell Lewis was injured on the opening kickoff. He sustained a knee sprain on the first play of the game and never returned to the field. After mishandling the kickoff, he was injured in the scramble to recover the ball.

That was not the only injury the Roughers sustained. Running back Drew Stout also left the field. Stout left before half time and had to be carted off for only a couple of plays. An ankle sprain ruined Stout's showing.

Both injuries are season ender but they were sufficient to remove both players from Friday night's game. Consequently the high

ed show down between Jenks and Muskogee never had a chance to materialize.

"Their quarterback was a real stinger," said coach Brady Robbins. "They never got going after that." That thought was reinforced by coach John Kincade. "Losing number three (Lewis) just took it out of them," said Kincade.

Two losses were too much for the Roughers to overcome. Jenks won the meeting between Oklahoma's number one and number two ranked class 6A teams, 28 to 3. With the core of their offense missing, Muskogee never looked smooth. Execution on offense and special teams never got in sync.

The defense stuffed everything Muskogee attempted. After the first two possessions, Muskogee had minus yardage. The Trojans played well and even contributed a touchdown of their own by forcing a fumble. Tanner Shuck, the Alaskan Assassin, recovered the fumble and 'big Tony' Gillespie recovered it in the end zone. At the end of the game the Roughers' total offense was just 40 yards.

"Our plan was to cover up on Stout. If we could keep him running side to side we knew we could win," said Robbins. The plan worked as Muskogee rarely saw the other side of the line.

Muskogee scored a touchdown in each of the first two quarters and two touchdowns in the third to gain their advantage. Ginther passed for both of the first half touchdowns and ran in for the third score. The recovered fumble boosted the score to the 28-point total.

Muskogee scored their only points on a field goal late in the second quarter and only threatened once in second half. That drive ended with Muskogee driving the ball over on downs.

Jenks homecoming Queen, Renee Andersen and her entourage enjoyed a win that few outside of the Jenks family predicted. Jenks dominated from start to finish and clearly enjoyed unseating the number one ranked Roughers.

The message implied by the locker room choice was answered on the field. Following the game, a meal was served to the winning team in the Sharp Center. The Trojans belong there.

Friday the Trojans take on the Sandites of Sand Springs in an away game. The Sandites are having a good year and would be looking more than upsetting the number 2 ranked Trojans. It should be a good game at Sand Springs. Game time is 7:30 p.m.

## Patterson: Jenks v. Muskogee

[Matt Patterson](#) - The Oklahoman

predicted by yours truly in Thursday's paper, Jenks defeated No. 1 Muskogee Friday night in Jenks.

Muskogee fans will point to the fact QB Rell Lewis was knocked out on the first play as one reason the Roughers lost. Star tailback Lewis was also injured.

There is no doubt Lewis' injury hurt the Roughers. But when Stout left the game (he later returned) he had just 10 carries for 14 yards. There is no reason to believe Jenks would have suddenly let him run wild after containing him well so early.

It is time to give it up to the Jenks defensive line led by DT Tony Gillespie who, aside from the track meet against Booker T, has been dominant this year. Gillespie is one of the most disruptive defensive linemen in the state, often requiring two blockers to get past his check. Linebacker Tanner Shuck is no slouch either. He stripped Muskogee QB Lewis in the end zone and Gillespie recovered it for a touchdown.

It is interesting of Owens, considering he was thrown into the fire he threw several nice passes. One was dropped (the WR would have been open) the other went for a nice gain and was threaded between two defenders.

I agree with Muskogee's coaches putting Stout back on the field with what appeared to be an ankle sprain. He was ineffective and the game was clearly over. What's the point? Ankle injuries can be tricky.

ogee will be back, though. Too much talent on that roster for them not to be. No doubt they will want a piece of Jenks in the future. Right now they just need to get healthy.
