If the game is tied at the end of regulation, then a 5 minute sudden death overtime will take place. (The first team to score wins) If no goal is scored we continue to a shootout.																	
For the first round of the shootout, you MUST use 5 DIFFERENT kickers, and your goalie can be one of the kickers. The kicker is allowed a 4 foot run up to the ball.																	
Kickers must be a combination of both male and female kickers for both teams. If the game is still tied after the first round of 5 kickers, the shootout continues with rounds of 1 kicker per team.																	
Each team must continue with kickers that have not kicked until all players have had their turn. They may then rekick if it is still required.																	
If one team scores and the other does not. The team that scored is declared the winner.																	
You can use a different goalie against different shooters if you wish.
