

Learn. Play. Grow. with the educational benefits, challenges and fun of CHESS!

# Beaumont Public Library CHESS for Children

5700 49 STREET

## Fall 2018 Chess Program: 12 Saturday classes start September 15

### 10:15 to 11:45 a.m. - 90 minutes of learning and playing

Children under Grade 3 may apply, but evaluation may be necessary\*

**Roving ChessNuts**

Scholastic Chess has never been more popular in Canada and around the world.

Record number of students are involved in school programs, classes outside of school and in chess tournaments held year-round in Edmonton and surrounding communities, including Beaumont

The Roving ChessNuts are pleased to return to Beaumont Public Library with Saturday morning classes grouped in Fall, Winter and Spring sessions.

### New Students Welcome!

This class covers topics suitable for the skill level and age of students, ranging from basic chess skills and knowledge to advanced middle- and end-game tactics. Students will not only learn chess but also train logical and strategic thinking skills which have educational benefits. They will also gain lifestyle and social skills in an interactive atmosphere with other students. Sportsmanship and chess etiquette is stressed at all Roving ChessNuts classes.

### Previous Beaumont Library students have priority for Winter Class!

Classes include lectures, demonstrations, exercises and practice games with coaching advice, and games rated by the national Chess'n Math Association which has tens of thousands of students across Canada in its rating program. There are tests, analysis of student games, homework and tips sheets, plus opportunities to play in competitive chess events.

Keen students who wish to further their skills will receive information about other learning and playing opportunities, so please provide an e-mail address which is regularly checked. You can stay updated, too, by visiting [www.rovingchessnuts.com](http://www.rovingchessnuts.com)

which lists events, news, list of players for upcoming tournaments, and features three new chess puzzles each day. Puzzles are good for all levels of players!

Some extra learning opportunities include chess camps, workshops, training tournaments, family chess so parents/grandparents can learn to play and help with home chess practices. Additional playing opportunities include open scholastic tournaments, school/class team matches, tournaments for specific ages, grade, gender and levels of play.

We believe in promoting citizenship and the love of chess so there can be participation in public chess promotions, a chess ambassador program, a junior instructor program and special friendship/social events which may combine chess with other fun and self-improvement activities.

- Chess sets in pouch with vinyl board available at student price of \$24.15 includes GST. Ask instructor who can deliver items to this library program

- Digital chess clocks are also available.

- The library hosted a chess tournament with awards last January and we are hoping to arrange a tournament this fall following a Saturday class. Watch for details!

\* Evaluation of children at no cost under Grade 3 can be arranged by e-mailing [rovingchessnuts@shaw.ca](mailto:rovingchessnuts@shaw.ca).

### Please direct any questions about this program or scholastic chess in general to Roving ChessNuts:
