

Republican Party of Kenosha County Membership Benefits

The Republican Party is truly a grassroots organization. Official membership in the Republican Party is at the county level. **By joining the Republican Party of Kenosha County you are automatically a member of the 1st District Republican Party, the Republican Party of Wisconsin and the Republican National Committee** – membership is a bottom-to-top structure. Join the Kenosha County GOP and become a member of all levels of the Republican Party automatically. By joining the RPKC you strengthen the Republican cause, help fellow Republicans, and learn how you can make a difference.

Membership benefits include:

- Invitations to RPKC events
- Opportunities to be involved in RPKC activities
- Voting on policies and direction of the RPKC at the annual caucus
- Potential nomination as Delegate or Alternate to Wisconsin State GOP Convention
- Potential nomination as Delegate or Alternate to Republican National Convention
- Running for a position on the RPKC Executive Board
- Much more!

When you join the RPKC, your political donation stays where it does the most good. Although the presidential campaigns may seem more glamorous, it is true that “all politics are local.” The grassroots is where the action is, and it is where you actually know the candidates and the officeholders. The money donated to the RPKC is channeled to local conservatives across the county and state, where it makes a crucial difference.

This election year is proving to be an exciting one! If you'd like to help get the Republican message out and help get Republicans into elected offices, please volunteer.

YES! I want to volunteer!
